PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Captain H. L. PRENDERGAST, R. E., Acting Superintending Engineer 4th Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated Madras, 20th May 1863, No. 257 :—

Sir,

1. A Supplemental Estimate of Rupees 2,340 was submitted to Government last year, for the repairs of fifty additional huts in the Perambore Lines; and the Government ordered on the 16th October 1862, No. 3,556, that the fifty surplus huts might be appropriated, as desired by the Commander-in-Chief, on the understanding that "Government is put to no further expense by the measure, than is involved in foregoing the use of the materials of the huts in the general repairs."

2. The amount required, consequent on the materials of the fifty huts not being used for general repairs is Rupees 800, as shown by the enclosed detailed statement; and I have the honor to request that the sanction of Government be accorded for this sum from the Reserve Fund. The work of general repairs to the Perambore Lines is nearly finished on the sanctioned Estimate of Rupees 23,920; but to complete it altogether the cost with the amount now applied for will come to Rupees 24,020.

ORDER THEREON, 28th May 1863, No. 1,361.

The Order referred to by the Superintending Engineer having been issued by the Military Department the foregoing letter will be referred to that Department for consideration.
