MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No.	1494.	Press ~~Mis.~~
235-236.		
Dated	11-6-	1863.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
11th June 1863.*

No. 235. Read the following letter from Captain H. L. PRENDERGAST, R. E., Acting
Superintending Engineer 4th Division, to Colonel W. I. BIRDWOOD, R. E., Secre-
tary to Government, Public Works Department, dated Madras, 27th May 1863,
No. 339:—

SIR,

1 Estimate (Abstract).
1 Specification.
1 Plan.

1. I have the honor to submit for the orders of Government
the accompanying Plan and Estimate of Rupees 70, for the
construction of a new Sluice of $7\frac{1}{2}$ yards in length to the Santapett
3rd Class Tank, in the Palmanair Taluq, North Arcot.

2. The average revenue derived from the tank during the last five years is Rupees 13 $\frac{1}{2}$,
and it is proposed, if the new sluice be built, to bring under wet cultivation three acres of
Punjab land, which will yield an increase revenue of Rupees 9-6-0 if converted into Nunjah.

3. The Estimate is recommended for sanction, and as the work is represented to be much
wanted, I recommend that it may be sanctioned for execution from the sum of Rupees 38,000
allotted in the current year's Budget for repairs to tanks.

4. It will be observed that the Estimate bears date 2nd February 1863, but it was not
received in this Office until the 21st May 1863.

No. 236. ORDER THEREON, 11th June 1863, No. 1,494.

The Governor in Council does not consider it worth while that the proposed sluice should
be constructed.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.
