

*Proceedings of the Madras Government, Public Works Department,
11th June 1863.*

No. 237. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E.,
Superintending Engineer 7th Division, to Colonel W. I. BIRDWOOD, R. E., Secre-
tary to Government, Department Public Works, dated Coimbatore, 1st June 1863,
No. 11:—

SIR,

I have the honor to submit for the sanction of Government the Plan and Estimate for a
Choultry and Coolies' shed on the Charmundy Ghât, called for in Government Order No. 951 of
18th April. The design is precisely that of two Choultrys built in the Soopa jungles of North
Canara, from the Pagoda funds; which have been found most commodiously to accommodate
Native travellers and working parties of the Department, obliged to encamp in localities remote
from habitation and infested by wild beasts. I have, therefore, the honor of recommending this
building for construction during the current season from whatever funds may happen to be avail-
able. In its actual construction I shall take care to impress upon the Executive Officer the
propriety of extending the area comprised between the two ranges of buildings to the utmost
extent that the ground admits of; such increase of accommodation for cattle being obtainable at
the trifling cost of so many extra running yards of mud wall.

No. 238. ORDER THEREON, 11th June 1863, No. 1,495.

The Superintending Engineer 7th Division will be good enough to obtain the opinion of
the Collector of South Canara as to the necessity for providing the proposed accommodation,
and to state the source from which the cost of work can be met.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.
