Dated 22-6- 1962.

Not to be folded or roughly handled

No. 497. Read the following Endorsement of the Superintending Engineer 1st Division, dated Waltair, 4th June 1863, No. 148 :—

Read the following letter from Major J. F. STODDARD, Acting District Engineer, Godavery, to Captain O. W. S. CHAMBERS, R. E., Superintending Engineer 1st Division, dated Dowlaishwaram, 29th May 1863, No. 112.

SIR,

1. With reference to paragraph 2 of G. O. G. No. 1,226, dated 15th instant, forwarded with your Memorandum No. 70, I have the honor to state that the additional work, which it was found necessary to execute to the Ellore Canal tunnels and for which a supplemental Estimate, amounting to Rupees 708, was forwarded to the Deputy Chief Engineer, Northern Circle, with my letter dated 15th April last, No. 1,452, was done on emergency out of the sum of Rupees 11,868 sanctioned by Government on the 19th December last out of the General Funds of the District, or in other words the allotment for *repairs* in the past year, and as there is no other work on which there will be a *saving*, the amount can only be met from the "Repair Funds" head "Irrigation."

2. In my list of incomplete works on the 30th April, forwarded with my letter No. 90, dated 22nd instant, you will observe that a sum of Rupees 1,430 is required to complete the tunnels on the revised Estimate, and that I have solicited sanction for the work being done out of the General Funds of this year, if extra funds were not available.

3. I beg here to state that there would not be the least difficulty in profitably and economically expending 2 lacs of Rupees more than has been allotted to this District this year, if given in good time, and if the Government of India (as I believe) is desirous of spending more money on remunerative works. I hope the amount of my list of incomplete works just referred to, will be granted as *extra*, and not taken from the allotment for repairs. It is entirely owing to so many *more necessary* works being done out of that allotment, which swells the list of works left incomplete at the close of the year.

No 112

Major H.F. Haddock,
Offg. Distt. Engineer Cuttack

Sir,

Captain C.K.S. Chamberlain R.E.
Superintending Engineer 1st Div.

I have the honor to forward herewith for your information a Work, which it was found necessary to execute to the Ellore Canals during the last season, and for which an Supplemental Estimate, amounting to Rs. 708, was forwarded to the Deputy Chief Engr. Rd. with my letter dated 15th April last No. 1152, and drawn on account of the Grant of Rs 11868 sanctioned by Govt. Mem. the 19th December last and of the General Funds of the District, or in other words the Allotment for Repairs in the past year, and as there is no other Work on which there will be a saving, the amount can only be met from the Repair Funds head "Irrigation".

I

4. I enclose a List of Incomplete Works in the 38th District, forwarded with my letter of the 20th Instant, you will observe that the sum of £1930 is required to complete the Works specified. Should the Grants be received, and that I have solicited Sanction for the work being done out of the General Funds of this year, if other funds were not available.

5. I beg here to state that there are not, nor for the least difficulty in profitably and economically expending 2 Lacs of Rs more than have been allotted to this District this year, if sufficient funds after the Grants for Incomplete Works are received. Should the amount of my List of Incomplete Works just referred to, will be granted as asked for, and not to form part of the allotment for perfect Works strictly owing to some unforeseen Works being done out of the allotment, which swells the List of Works left incomplete at the close of the year.

Have the honor to be
Sir,
Your most obedient Hble
Servt
Ex. Engr
