G.O. No. 1550	Press ~~Mis.~~
345-346	
Dated 15-6-	1863.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 15th June 1863.

No. 345. Read the following letter from S. PONNAPILLAY and others, inhabitants of the village of Codumbakum, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated Codumbakum, 9th June 1863:—

SIR,

1. We the undersigned inhabitants of the village of Codumbakam and its suburbs, respectfully request you will bring to the notice of His Excellency the Governor, the very slow progress made in metalling the Codumbakam road, according to the estimate recently sanctioned. All that has yet been done for the greater portion of the road is, raising it by throwing over it earth, dug from the sides, and the gravel has been spread only for a few yards. The material has not as yet been collected for the rest of the road.

2. We also beg to bring to your notice that no work of any kind has been performed on that portion of the road, which runs over the bund of the Nungumbakam Tank, on the ground, we are informed, that it is included within the Municipal limits of the Town of Madras. On enquiry we find that such is not the case, and we, therefore, humbly request that orders may be issued for the submission of a Supplemental Estimate for the portion of the road alluded to. This part of the road is in a very dangerous condition, and if it is left unmade, the portion beyond it, which is now being formed, will be of no use whatever. We also beg to point out that unless there is a railing or small wall on the sides of the bund, accidents will occur.

No. 346. ORDER THEREON, 15th June 1863, No. 1,550.

1. Referred to the Superintending Engineer 4th Division, who is requested to report without delay the cause of the slow progress complained of. The work was authorized to be proceeded with about eight months ago, and should have been completed by this time.

2. Captain Prendergast will be good enough to have an estimate prepared and submitted at an early date for the road which runs over the bund of the Nungumbakam Tank provided it is not within the Municipal limits of the Town of Madras. Provision should be made in the estimate either for a railing or a parapet wall as may be thought most suitable.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.

No. 1550 dated 15th June 1863
Forwarded to the Collector of Madras for
report & return.
By order
Chas. Elphinstone
Secy to Govt

No. 1550.

Reference to the petition of the Inhabitants of the Village of Codumbaukum, praying that the road from Madras to Poonamallee may be repaired in front of the Village.

Report from the Collector of Madras.

Dated 15th June 1863.

Received 22nd June 1863.

Submitting a letter from the Superintending Engineer, Southern Division, dated 20th instant, with a detailed report and estimate for the repairs required.

Ordered, that the Collector be requested to cause the repairs to be executed with as little delay as possible, and that he be informed that the Government will be prepared to sanction the expenditure of the amount of the estimate, Rupees 1,882, from the Provincial Funds.

Ordered also, that the Superintending Engineer, Southern Division, be requested to submit a detailed report and estimate for the repairs required to the road in front of the Village of Nungumbaukum Tank, which is reported to be in a very bad state
