*Proceedings of the Madras Government Public Works Department,
18th June 1863.*

No. 417. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E.,
Superintending Engineer 7th Division, to Colonel W. I. BIRDWOOD, R. E., Secre-
tary to Government, Department Public Works, dated Coimbatore, 30th May 1863,
No. 9 :—

SIR,

In conformity with paragraph 12 of Government Order No. 1,096 of 30th April, I have the
honor to report that the work of re-building the Pyolly Lock on an im-
proved plan was not undertaken in 1862-63, the Malabar establishment
having been fully engaged with other duties. Neither is the sum of
Rupees 8,000 from that year's Budget available. It is therefore neces-
sary to provide a sanction of Rupees 6,530 in addition to the Local Fund Budget list of this year,
for the execution of this very useful work, the want of which greatly impedes canal navigation
along this portion of the Western Coast. Rupees 8,000 was entered in the Budget of 1862-63
merely as an approximate Estimate. The detailed Estimate and Plan are herewith submitted for
your approval in conformity with Rule V of the Regulations for the management of Ferry and
Local Funds, in Grant's Book, page 290.

current year under the head of "Ferry Fund."
