Proceedings of the Madras Government, Public Works Department, 18th June 1863.

No. 419. Read the following letter from Captain O. W. S. CHAMBERS, R. E., Superintending Engineer 1st Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated Waltair, 27th May 1863, No. 92:—

SIR,

1. I have the honor of forwarding an Estimate for the repairs of the Ellore
1 Enclosure. High Level Canal (Kistna portion) amounting to Rupees 4,300, and to request the sanction of Government to the same, the money being provided for from the ordinary irrigation repairs of the District.

2. This portion of the Ellore Canal between Dendaloor and Perikeed has been some years under execution, and has consequently been exposed to much silting up, due to deposit from banks and berms being brought into it every monsoon.

3. The work is, I think, properly speaking one of "Repairs Irrigation," but, as it has as yet paid no revenue, must by the rules of the Department be treated as a supplement to a new work.

4. Major Stoddard has been in correspondence on the subject with Colonel Ludlow since the 6th April last, and has the work in hand to take advantage of the season, as he expects the whole Canal to be ready before the monsoon.

No. 420. ORDER THEREON, 18th June 1863, No. 1,589.

The Estimate of Rupees 4,300 is sanctioned from the allotment in the current year's Budget, for the repair of Irrigation Canals in the Kistna District.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.
