*Proceedings of the Madras Government Public Works Department,
22nd June 1863.*

No. 507. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer 8th Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated 11th June 1863:—

SIR,

1. I have the honor to bring to your notice that my Office as Superintending Engineer 8th Division consists beside a Manager and Draughtsman of servants from the Office Establishments of the District Engineers of Madura and Tinnevely and the Head Accountant from Madras.

2. I was quite unprepared for the Order of Government No. 1,330, dated 23rd May 1863, deferring the breaking up of the District Offices, and I cannot, I fear, find here any person qualified to carry on temporarily the duties of at least the higher members of my Office.

3. There are, I believe, no arrears in the Madras District Engineer's Office, nothing requiring the presence of T. Rungasawmy Moodely, or that could not be equally well done by any qualified Accountant, such as doubtless are available in Madras; the current work may be as well or better carried on direct from the Range Officers to the Superintending Engineer.

4. Under these circumstances I trust that there will be no objection to the relief immediately of T. Rungasawmy Moodely, whose attendance in Madura will be of great value; if necessary a temporary Accountant being entertained in Madras in his place.

No. 508. ORDER THEREON, 22nd June 1863, No. 1,631.

The Superintending Engineer 8th Division should communicate with the Acting Superintending Engineer 4th Division on the subject referred to in this letter.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.
