*Proceedings of the Madras Government Public Works Department,
24th June 1863.*

No. 540. Proceedings of the Madras Government, dated 24th June 1863, No. 1,649 :—

1. In the scheme of Executive Establishments for the Public Works Department sanctioned in G. O. No. 1,599, dated 16th June 1863, and ordered to be carried out from the 1st proximo, it has been found impracticable to fix the salaries of the various grades in exact accordance with the present scale. It has therefore happened that some of the Officers and Subordinates have been appointed to positions, the salaries attached to which are lower than those now drawn by them. The Governor in Council does not, however, intend that such Officers or Subordinates should suffer pecuniary loss in consequence of the new arrangements, and he is therefore pleased to direct that the Controller and Auditor Public Works Accounts will pass to them the salaries attached to their present appointments.

2. It will however be distinctly understood that these orders do not apply to the cases of Officers and Subordinates who may at present be officiating in grades, the salaries of which are higher than those to which they may be permanently appointed from the 1st proximo.
