two Estimates amounting, in the aggregate, to Rupees 380, being the estimated cost of constructing two Sheds to protect the Fire Engines lately supplied to the Commissary of Ordnance at Bangalore.

2. The Quarter Master General in his letter of the 23rd instant, No. 4232, requests that the work may be expedited as much as possible, and Captain Goddard also begs, that an early sanction for the Estimates may be accorded, as the Engines are being deteriorated by exposure to the sun.

3. The Estimates have been examined in this Office, and the rate per cubic foot of Teak-wood has been reduced from 6 to 4 Rupees, after it was pointed out to Captain Goddard that the former rate is exorbitant.
