G.O. No.	1663	Press Mis.
567-568		
Dated	2-5-63	1863.

Not to be folded or roughly handled

1 B

*Proceedings of the Madras Government, Public Works Department,
25th June 1863.*

No. 567. Read the following letter from Captain O. W.S. CHAMBERS, R. E., Superintending Engineer 1st Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Department Public Works, dated Waltair, 2nd June 1863, No. 134 :—

SIR,

1. With reference to your Memorandum No.—of 26th ultimo, desiring that Plans, Estimates and other documents should accompany my explanatory letter as per margin, on the subject of the proposed calingulah in the Cocanada and Samulcottah Junction Canal in the Godavery District, that the application might be submitted to Government in a complete state, I beg to state that those necessary documents are either already before Government, or else in the Central Office, as they were never sent back from Madras to this.

2. They were originally forwarded by Major Stoddard to Colonel Ludlow on the 21st of April last.

3. Consequently I beg to re-submit my explanatory letter* as above, which is a reply to Colonel Ludlow's Memorandum No. 812 of 30th April 1863, calling upon the Acting District Engineer, Godavery, to point out a source whence the cost of the calingulah might be defrayed.

* No. 31.

No. 568. ORDER THEREON, 25th June 1863, No. 1,663.

The project referred to in the foregoing letter has not apparently received the consideration of the Superintending Engineer 1st Division. The Plan and Estimate with the District Engineer's reports were submitted to the late Deputy Chief Engineer of the Northern Circle, and have now been obtained from the records of the Central Office. Considering the extent of the responsibility which devolves on Superintending Engineers when submitting projects for sanction, the Government must demur to authorize the one under notice until it has received the approval of Captain Chambers, and the Plans and Estimates have undergone the usual scrutiny in his Office. For this purpose the original papers procured from the Central Office will be forwarded to that Officer, who will be so good as to re-submit them in due course if satisfied of the necessity of the work.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.

to Colonel W. B. Wood 128.
Secretary to Fort A. P. W.
Sir,

It appearing from a
Memorandum from the D/Supt R.E.
as per margin, that to enable the Es-
timate for the proposed Calingulab
in the junction Canal from Samuletha
to Coonanah to be submitted to
Government, information as to the
particular subdivision of the repair
allotment of 1863/64, from which
funds will be derived for the
Calingulab, is necessary, I do myself
the honor of stating that I learn from
Major Moorad that the sub-divi-
sion in the Budget for 1863/64 under
which he classifies the work above
specified is "Repairs of Drainage"
the allotment to which is Rs.
4750 vide Budget for 1863/64

1812 of 36
April 1863

I have the honor to be
Sir,
