*Proceedings of the Madras Government, Public Works Department,
29th June 1863.*

No. 630. Read the following letter from Major J. C. ANDERSON, R. E., Superintending Engineer 2nd Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Department Public Works, dated Nellore, 12th June 1863, No. 22:—

SIR,

■ Irrigation Channel for Ayalaveram lands	Rs. 840
Head Sluice...	740
Calingulah	495
	<u>2,075</u>
Irrigation Channel for Eadapilly lands	1,130
Head Sluice	750
	<u>1,880</u>

2 Sketches
2 Plans of head Sluices.
1 Do of Calingulah.
2 Specification Reports.
† Abstracts in English.

1. I have the honor to submit for sanction Plans and Estimates as per margin* for two irrigation channels in the Rapilly Taluq, Kistna District, the first for the lands of Ayalaveram from the Vellatūr Channel, and the second from a natural basin in which that channel terminates, for the irrigation of the lands of Eadapilly.

2. The accompanying agreements† state if the works are carried out, that upwards of 300 Acres of land will be taken up for wet cultivation at Ayalaveram; which at 5 Rupees an acre will yield an increase of Revenue of 1,500 Rupees, and 200 Acres with a sist of 1,100 Rupees at Eadapilly or in all Rupees 2,600; but it is probable that further demands for water would be preferred by the Ryots on the completion of the channel; and their capacity has therefore been designed so as to admit of a larger body of water than would be required in the first instance.

3. These works were included in the statement of works for which funds are required from the Reserve Fund during the current year, dated 8th instant.

No. 631. ORDER THEREON, 29th June 1863, No. 1,694.

The Estimates of Rupees 1,880 and Rupees 2,075 submitted with this letter are sanctioned. Funds for the proposed works will be shortly provided.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.

1694. 3rd

The Estimates of Rs 1880
and Rs 2075 submitted with this letter are sanc-
