*Proceedings of the Madras Government, Public Works Department,
30th June 1863.*

No. 689. Proceedings of the Madras Government, dated 30th June 1863, No. 1,724:—

1. From the List forwarded as an accompaniment to G. O. No. 1,599, dated 18th June 1863, the Government observe that there are the following vacancies in the grade of Overseer in the undermentioned Districts:—

						<i>Permanent.</i>	<i>Temporary.</i>

2. The Superintending Engineers of Divisions are requested to appoint to these vacancies such of the members of the late Lower Subordinate Establishment as they may consider qualified for the duties of Overseer, and to report the appointments for the information of Government.

3. In consideration of the claims of the late Sub-Overseers, and on the recommendation of the local Officers, the Government have as a special case set aside the examination rules in appointing several of that class to the higher grade, and they are prepared to allow further exemptions in order to fill up existing vacancies. It will, however, be distinctly understood that as soon as the allotment for each District has been completed, no further appointments will be made except under the rules above alluded to.

4. A return should at once be submitted by each Superintending Engineer showing the distribution of the Officers and Subordinates within his Division, and for the future a quarterly Statement containing the same information should be supplied, the first return to be for the quarter ending 30th September 1863. In these returns the Superintending Engineers will note in their order of merit the Subordinates whom they would recommend for promotion, stating the grounds of recommendation in each case.

5. On the occurrence of a vacancy, permanent or temporary, a report of the circumstance should be made for record in this Department.

6. The standard of qualification for the grade of Overseer will be that fixed for Assistant Overseers, and the periods of service in each grade to qualify for promotion to a higher class will be those laid down in G. O. No. 983, dated 8th May 1862.
