No. 18. Read the following Memorandum from the Officiating President, Municipal Commissioners' Board, dated Madras, 20th June 1863:—

1. The Officiating President of the Board of Municipal Commissioners has the honor to submit to the Secretary to Government, Department Public Works, a Plan and Estimate of a proposed alteration to the College Bridge.

2. To all conveyances coming from the direction of Nungumbaukum and proceeding to the Mount Road the turning to the eastward is a very dangerous one.

3. A conveyance comes down with a considerable impetus the north slope of the bridge, and has to turn at an acute angle to the east, to get along the College Bridge Road, and with restive horses an accident might any day occur.

4. The improvement now suggested has long been talked of, but never carried out, and as the bridges are solely under Government control I beg now to submit it for favorable consideration.
