*Proceedings of the Madras Government, Public Works Department,
9th July 1863.*

No. 202. . Read the following letter from A. WEDDERBURN, Esq., Acting Collector of Bellary, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Department Public Works, dated Ramandrug, 25th June 1863, No. 1 :—

SIR,

1. I have the honor to bring to your notice that, during the year 1857, the Hugary River running near the village of Chaganur in the Taluq of Bellary, being inundated, destroyed the channel supplying the lands of their village.

2. The inhabitants of that village by their own exertion, excavated a new channel for the purpose of preserving their crop; but were not remunerated, in consequence of the Department of Public Works having informed my predecessor that the earth excavated had been placed too near the channel, consequently orders were issued in the year 1860, to the Tahsildar to the effect, that unless the Ryots remove the earth to the required distance, the remuneration which they requested would not be granted.

3. The Ryots in question having now removed the earth as stated in a letter from Mr. Porter, the Supervisor, copy of which is herewith sent, I have the honor to request that you will be so good as to obtain the sanction of Government for disbursing to them a sum of Rupees 235, which is the amount of remuneration due on account of their labour.

No. 203.

ORDER THEREON, 9th July 1863, No. 1,824.

1. Referred to the Superintending Engineer 3rd Division for report.
2. The source from which the amount to be paid should also be reported for the information of Government.

Secretary to Government.

Sir,

1 I have the honor to bring to
your notice, that during the year 1857, the
Nagary River running near the village of
Chagannur in the Taluk of Bellary, being
inundated, destroyed the channel supply-
ing the lands of that village—

2 The inhabitants of that village
by their own exertion, excavated a new
channel for the purpose of preserving
their crop, but were not remunerated,
in consequence of the Department of
Public Works having informed my predecessor
that the earth excavated had been
placed

placed too near the Channel. Consequently orders were issued in the year 1860, to the Tahsildar to the effect, that unless the Ryots remove the earth to the required distance, the remuneration which they requested, would not be granted.

3. The Ryots in question having now removed the earth as stated in a letter from Mr. Potter, the Supervisor, copy of which is herewith sent, I have the honor to request that you will be so good as to obtain the sanction of Government for disbursing to them a sum of Rs 255- which is the amount of remuneration due on account of their labour.

I have the honor to be
