*Proceedings of the Madras Government, Public Works Department,
9th July 1863.*

No. 204. Read the following letter from Captain O. W. S. CHAMBERS, R. E., Superintending Engineer 1st Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Department Public Works, dated Waltair, 9th June 1863, No. 187 :—

SIR,

• No. 6,606 of 20th April 1863.
Enclosure 1.

1. With reference to the Proceedings* of the Chief Engineer as per margin, and the Resolution, No. 511 of the 23rd April last, of the Deputy Chief Engineer calling upon the Acting District Engineer of Ganjam to submit an Estimate for metalling certain portions of Trunk Road No. VI in the Ganjam District, I have the honor of enclosing an Estimate for Rupees 16,500 for the work in question, and of recommending that, if sanctioned, the amount shall not be disbursed from the Reserve, but that the Estimate as originally proposed by the Chief Engineer should be put aside for entry in the Budget of 1864-65.

2. Unless there be a superabundance of funds at the disposal of Government, I am of opinion that there are other projects in the Circle, of more importance than metalling the sandy portions of Trunk Road No. VI, in Ganjam (already good in the monsoon), on which an immediate expenditure is needed.

No. 205. ORDER THEREON, 9th July 1863, No. 1,825.

There are so many other works of more pressing importance demanding prior attention, that Government decline for the present sanctioning the Estimate received from the Superintending Engineer of 16,500 Rupees for metalling certain portions of Trunk Road No. 6, lying in the Ganjam District.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.
