1. Communicated to the Superintending Engineer 3rd Division for information and guidance.

EDUCATIONAL DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from E. B. POWELL, Esq., Director of Public Instruction; to the Chief Secretary to Government, Fort Saint George, dated Madras, 26th June 1863, No. 1,269.

I have the honor to submit the accompanying correspondence relative to the Kurnool Zillah School-house; and I request that Government will be pleased to sanction the estimate of repairs to the School-house forwarded by the Acting District Engineer, and amounting to Rupees 355. The charge can be met from the provision made in the Educational Building Budget for the current year. It is very desirable that the repairs should be executed with the least possible delay, as at present one of the School-rooms is thrown out of use.

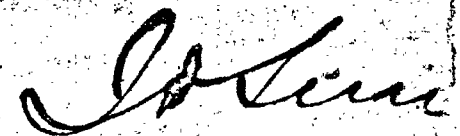

2. I have to remark that the School-house has only just been completed; consequently the repairs now needed can be due only to faulty construction. From the correspondence it appears that unsuitable beams were used in roofing the building, and that they were placed at points where sufficient support was not afforded.

ORDER THEREON, 30th June 1863, No. 181.

Sanctioned for immediate execution.

2. The faulty construction of the building will be considered in the Department of Public Works.
