*Proceedings of the Madras Government, Public Works Department,
5th January 1864.*

No. 43. Read the following letter from Captain E. A. FOORD, R. E., Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 15th December 1863, No. 1,372 :—

SIR,

1. In accordance with the entry made in the Budget for repairs for 1864-65, I have the honor to forward for sanction an Estimate of Rupees 1,100 for maintenance allowance at the rate of Rupees 100 per mile for the first 11 miles of the road from Trichinopoly viâ Torriore to the Salem boundary.

2. The formation of this road is in rapid* progress and will be shortly completed. It is an important line, as it opens up a portion of the District where Cotton is grown, and it will act as a feeder to the Railway.

3. No traffic return can be prepared as the road at present passes along different village roads, but when it is opened, it is calculated that there will be about 150 bandies a day at first, and that it will eventually increase, and an annual maintenance grant is therefore urgently required.

4. A sum of Rupees 130 has been sanctioned in the Order of Government No. 322 of the 29th February 1856, for the portion of this road between Trichinopoly and Manachenullur, and the amount for which sanction is now requested is Rupees 970.

5. Sanction is also requested for a grant of half the amount, viz., Rupees 485, for the conservancy of the road during the remainder of the current year, and for repairing injury caused by the recent north-east monsoon rain which has been very heavy this season.

No. 44. ORDER THEREON, 5th January 1864, No. 19.

1. The Government sanctions a maintenance allowance of Rupees 1,100 for 11 miles of the road from Trichinopoly to the Salem frontier viâ Torriore, and authorizes the ~~sum~~ ^{entry} of that sum in the Budget. The sanction granted for an allowance of Rupees 130 for a portion of this road (from Trichinopoly to Manachenullur) will be considered cancelled.

2. The Superintending Engineer will report the manner in which he proposes to provide the funds applied for in paragraph 5.
