*Proceedings of the Madras Government, Public Works Department,
5th January 1864.*

No. 51. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Meyloor, 18th December 1863, No. 1,539 :—

SIR,

1. In my No. 566 of 9th September 1863, I forwarded an Estimate for Rupees 9,500 for restoring the Trunk Road between Madura and Palamcotta in the Madura District, for which I begged special sanction in addition to my maintenance allowance, meanwhile carrying on the work from this fund.

2. Owing to the exceptional amount of rain that we have had during the current year the irrigation repairs of this District are very much behind hand, and I have serious doubts as to my being able to expend the allotment for want of earth.

3. Under these circumstances I beg that I may be permitted to transfer to the road under the abovementioned Estimate the whole amount of Rupees 9,500 from the irrigation repair fund, or so much as from further experience during the next four months I find I can spare.

No. 52. ORDER THEREON, 5th January 1864, No. 23.

The Government declines to accede to the recommendation contained in this letter until furnished with the opinion of the Collector upon the proposed diversion of so large a sum as Rupees 9,500 from the current year's allotment* for irrigation repairs in the Madura District.

* Rupees 36,030.
