1863, No. 2,122:—

SIR,

1. I have the honor to forward two bills as per margin,

2. The following is the explanation afforded by the Superintending Engineer for the
absence of the Certificate:—

“ These two works were executed during the time the late Executive Officer, Captain
“ Clay, was in charge of the Oosoor Range, who ought to have inspected them and signed their
“ completion Certificate, but as it will be difficult to identify the work now, in consequence of
“ the length of time that has intervened between the date of its execution and the present date,
“ it is requested that the bills may be passed.”

No. 64. ORDER THEREON, 6th January 1864, No. 29.

1. The Controller is authorized to pass the bills referred to in this letter.
2. The Superintending Engineers will be requested to inform all Range Officers that to
enable them to furnish the Certificate referred to in paragraph 1, the Governor in Council expects
that they will inspect all works within their charges as soon as possible after completion.
