 Government of India for sanction, a Tabular Statement of
 the Neranicum Establishment proposed to be employed in
 the Madras District on the Kambum Cal Channel.
 Rupees 80 per mensem
2. This work has now been completed for some months and, considering its great importance
 to the villages dependant on it for their supply of water, it is very desirable that a proper Estab-

 charge from the several sluices.
3. The duties to be entrusted to each member of the proposed Establishment are as
 follows:—
 - 1 Monegar, to have charge of the entire length of channel (27 miles) with the tanks
 under it
 - 2 Lascars, each to have charge of 13½ miles of the channel and supervise the work of
 six Nurganties.
 - 12 Nurganties, to work the sluices on the channel and in the Calingulahs of Tanks under
 it, and to look after the banks and trees growing thereon. Provision for the Establish-
 ment has been made in my Budget lists for 1864-65
