

N^o 3347-

Supp. Engineer's Office: Division
Madras December 1863

Sir

Lieut. Colonel A. Roileau R.E.
Superintending Engineer
1st Division

To J. Fraser Esq.
Collector of
North Arcot.

Sir,

In their Proceedings of the 26th Sept. 1862.

N^o 2312. Government sanctioned the construction of a
N^o 2973: Sept. 1862. 2nd Class Police Station House at Calcutty, but subsequently
on the receipt of a report from you that there was a
Sub Magistrate's Cutcherry at the same station,
they directed that in place of constructing a separate
building for the Police, additions should be
made to the Cutcherry for their accommodation
under the same roof.

In Pros. N^o 1701 of
16th October 1862.

N^o 2160

2. It appears, however, from a report submitted
by Mr. Dopping in January last, that the Cutcherry
in question had been vacated by the Sub-
Magistrate on the ground of its being unhealthy
and that it was then occupied solely by the
Police. Mr. Dopping was unable to state
whether this account of the unhealthiness
of the building was correct, and he promised
to acquaint the Deputy Chief Engineer
with the result of a reference which he
said he had made to you on the subject.
This has not been done although Messrs.
Ropers' attention was called to the
matter in June last. I have therefore

the honor to request that you will be good
enough to inform me whether the ~~putchery~~
alluded to by Mr. Dopping, and which I
conclude, the dance building at that men-
tioned in your letter to Government of
the 30th September 1862, is fit for
occupation or not, in order that steps may
be taken either for adding thereto for the
accommodation of the Police as desired
by Government or of obtaining sanction for
a new building in a more healthy position
to accommodate both the Sub Magistrate's
~~putchery~~ and the Police.

3. For this purpose I presume the lat-
est plan recently approved of by you
with certain minor additions for passage
choor would suffice.

I have the honor to be &c.

Sir,

With reference to your Memo No. 15 dated 2nd December 1863, I have the honor to enclose for your perusal copy of a letter which I addressed to the Collector of North Arcot on the 17th Ultimo on the subject of the sub Magistrate's Outcherry at Calastry. Mr. Fraser's reply thereto has not yet been received, but as soon as I learn whether a new building is required or not, measures will be taken for complying with the requisition of Government which you have called my attention to.
