*Proceedings of the Madras Government, Public Works Department,
24th December 1863.*

No. 627. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 14th December 1863, No. 4,022:—

Read the following letter from Captain H. L. FRENDELGAST, R. E., Executive Engineer Presidency, to Lieutenant-Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, dated Madras, 9th December 1863, No. 603.

Sir,

* No. 3,539 of 2nd December
† No. 3,899, dated 8th December

1. With reference to the Order of Government^c sanctioning Rupees 81 only in part of my Estimate of Rupees 1,020, and your remarks† that only the repairs to the thatched Cook-room at the General Hospital are sanctioned, I have the honor to report that there has been already an expenditure of Rupees 459-2-0, of which Rupees 403-11-0 is shown in the Progress Report for last month, and Rupees 56-7-0 has been paid in the current month.

2. It was represented to you, by the Deputy Inspector General of Hospitals, that the thatched shed used as a Civil Dispensary, required "immediate attention, lest the whole should fall in," and the subject was referred‡ for my immediate attention, the Estimate to be furnished in due course.

3. On sending my Estimate for the Barrack Master's approval, I pointed out the large item of Rupees 518 for repairing the floors, and mentioned that I had not entered it without full consideration, inasmuch as it appeared to me certain that the thatched sheds would be occupied for another whole year, Government having ordered the whole of the upper story of the main building being carried on, and there not being space for all the requirements in the new west wing.

4. At the same time, however, I have refrained from any repairs to the floor plastering, because this part of the work did not require immediate attention; whereas the restoration of the verandah and walls admitted of no delay.

5. It is not clear to me from the orders communicated, whether the Principal Inspector General has as yet given his opinion, as to whether the sheds require still to be kept up; I shall therefore leave the floor in its present condition, until I am instructed whether the whole repairs are to be carried out.

Superintending Engineer, 4th Division.

No. 628 ORDER THEREON, 24th December 1863, No. 3,829.

1 Under the circumstances explained by the Superintending Engineer, 4th Division, the Governor in Council sanctions the disbursement of Rupees 532 from the current year's allotment for the Presidency under the head "Staff Military," to meet the cost of the repairs executed to the thatched shed allotted to the patients in the Civil Dispensary.

2. Colonel Boileau should have reported in his letter No. 3,395, dated 18th November 1863, that a portion of the work provided for in his Estimate for Rupees 1,020 had been already carried out.
