Northern Canal 526 Cubic yards - Vayalore old channel 3750 & Cubic yards

The amount of Expenditure for Contract work during the month of October was on the Northern Canal Rs 49-5-0. Vayalore old channels Rs 44-50-0 and in addition to the above sundries and daily labour on several estimates Rs 495-5-10

The heavy rains during the month put a stop to the works generally for a part of the month. The Adyar Bar opened on the night of the 21st. The Ennore Bar on the same date. The bar at Padras has remained shut for the first time since. I have had charge of the Canal, owing to the late junction with the Palur which allows the escape of the flood waters by the bar of the latter. Survey of the Canal to Pichampattam was nearly completed but stopped by the rain. The damage done to the Canal channels and banks by the heavy rains has been trifling.

To, Captain B. W. Chambers Esq.
 Superintending Engineer
 1st Division.

Sir,
 You were good enough to approve
 of my recommendation that Talag
 Oversee J. Ramiah be retained
 in No. 2. Range until the opening
 of the healthy season in Coimbatore,
 to which Talag he is attached, and
 he was accordingly employed on
 the Supply Bridge, now finished
 with the exception of plastering.
 On returning to Bangalore
 4. members of his family, and 3 of
 his "head coolies" were attacked by
 Cholera, some of whom died, leaving
 others in a wretched state of health
 from exhaustion. — He now begs
 to be allowed to proceed to his native
 place.
