Sir,

With reference to the Proceedings
of Government N^o 3324 dated 16th November 1863

I have the honor to suggest that, as a reciprocal
measure and one equally calculated as that
enjoined in the above order to facilitate cordial
cooperation so essential to the proper management
of the Public Works of this Presidency, the
Members of the Revenue Department in charge
of Ranges, and the subordinates of that Department
generally be directed to take all convenient
opportunities of visiting the Superintending
Engineers of Divisions when they happen to be
within the limit of the charges of the said
Revenue Officers..

In

In both cases it may perhaps
be advisable that the Departmental head
should ^{in the local Gazette} notify his expected arrival in various
Ranges on such and such dates as is done
by His Excellency the Commander-in-Chief
of the Army in Madras.

Sir With reference to your Memo
as per Margin calling upon me
to furnish you with traces of the
Barracks in the 1st Division.
I have the honor of forwarding to
you a plan and sections of the
Veterans' Barrack at Vizagapatam
the only Military Building in
the Division that can properly
be called a Barrack.
2 There are other buildings at
Vizagapatam, Vizianagaram,
Berhampore, and Russelconda
that are sometimes termed
Barracks,

Barracks, but in reality they are places of Arms, or Store rooms, used by the Native infantry stationed at these places, as Armouries.

3 At Mattair there are temporary Sheds of wattle and dab, thatched with palmyra leaves, and occupied as temporary barracks by the Company of Royal Artillery posted at that Station, but these of course do not come under the head of the Buildings regarding which you desire information.

4. The Vizagapatam barrack as shown in my sketch, which is rather a peculiar building with 2 vaulted naves and 2 vaulted open side aisles, or verandahs, is provided with an upper story, apparently an after-thought, now used as a School room for the Children of the Veterans.
