Sir,

With reference to your letter N^o 1794 of the 4th instant, I have the honor to state that the delay in forwarding the Progress Report of the Trichinopoly District for June was owing to its having to be returned to Captain Palmer, the Executive Engineer in order that all items below 500 Rupees might be entered in it. —

It was forwarded in the first instance to the Controller on the 16th of July and returned on the 24th. It was sent to Captain Palmer on the 30th and returned by him without the required details. It was then sent a second time to him, received back on the 15th of September, and forwarded to the Controller on the 21st of September. —

I have already pointed out that the Progress Report, with the details which can be of use only to the Local Officers, is such a bulky document that it is beyond the power of the office Establishment to prepare and forward it with regularity. This is now acknowledged to be the

the case. Quarterly reports have recently been ordered to be substituted for monthly reports and you have yourself suggested that items below 500 Rupees should be excluded. These are steps in the right direction and I hope, before long, the perfect form, in use in 1857, will again be adopted and then there will be no difficulty in forwarding the Report monthly, and within fifteen days of the end of the month.

Sir,

1 I have the honor to request that
you will allow me to correct my Budget for Tinnivelly
by a transfer of Rupees 400 from the Discretionary allow-
ance to the Road from Madura to Tenkassy which by over-
sight has been put down at 100 instead of 150 Rs per mile.

2 The Collector has entered this correctly in
his No 309 of 23rd October to your address.

3 My letter to him proposing the fresh allot-
ment entered the distance from Tinnivelly via Calda-
-coorhy to Tenkassy as 4.2 miles. I believe it is really
4.3 as entered in the Budget, and therefore. They that
it may stand so although the Collector objects under what
is I think a misapprehension of the distance.

4 These alterations will not affect the total
allowance as the difference will, as I proposed, be taken
from the Discretionary allowance.
