Proceedings of the Madras Government, Public Works Department, 20th May 1863.

No. 341. Read the following Endorsement of the Deputy Chief Engineer, Northern Circle, dated Chepauk, 30th April 1863, No. 654:—

Read the following letter from Captain A. S. MOBERLY, R. E., Acting District Engineer, Nellore, to Lieutenant-Colonel S. O. E. LUDLOW, R. E., Deputy Chief Engineer, Northern Circle, dated Nellore, 27th April 1863, No. 918.

SIR,

I have the honor to inform you that a fresh came down the river on the 25th instant, and the water rose to 7 feet in front of the Anicut. I inspected the groynes the same evening and they seemed to be acting well, and as soon as the river has gone down I will send you a plan showing what has been their effect: the water is still between 4 and 5 feet at the Anicut.
