*Proceedings of the Madras Government, Revenue Department,
19th December 1864.*

Read the following :—

No. 201. Proceedings of the Board of Revenue, dated 30th September 1864, No. 6,421.

Read the following Proceedings of the Board of Revenue.—

No 3,548, dated 10th June 1864.

„ 3,998, „ 28th „ „

„ 4,845, „ 29th July „

Read also the following letter from J. SILVER, Esq., Collector of Tinnevely, to W. HUDLE-
STON, Esq., Secretary to the Board of Revenue, dated Tenkasy, 7th September 1864,

No. 341 :—

1. With reference to the Proceedings of the Board of Revenue, dated 29th July 1864,
No. 4,845, I have the honor to state, that the Superintending Engineer informs me in his letter of
the 27th ultimo, No 916, that a Talook Cutcherry according to the revised plan cannot be con-
structed as cheaply as the building sketched by him in the plan forwarded to the Board with my
letter of the 7th June 1864, and returned to me with the Board's Proceedings of the 23rd idem,
No. 4,998, which is twenty-three feet less in width.

2. Captain Moberly's plan is herewith returned as directed by the Board.

1. Ordered that the above recorded papers be submitted for the consideration and orders
of Government.

2. In Government Order, No 778, dated 4th May 1864, the Government, while sanction-
ing the construction of a new Talook Cutcherry at Ambassamudram, in the Tinnevely District,
remarked that the Estimate, amounting to Rupees 11,580, was too high, and the Superintending
Engineer should be asked whether he could not provide the requisite accommodation on some
other plan at less cost.

3. The Government will perceive from the correspondence now submitted that Captain
Moberly, the Superintending Engineer of the 8th Division, furnishes a plan from which the
Tahsildar's room and one Record room provided in the original plan are omitted; the Court yard
lessened by twenty-three feet in width; the Tahsildar's Cutcherry room diminished by 3½ feet;
the Record room and male prison by two feet each, and the Treasury room also reduced in size,
while it is estimated that the building thus reduced will cost about 2,000 Rupees less than the
amount (Rupees 11,580) at which the cost of the building first proposed was estimated.

4. The Collector is, however, of opinion that the accommodation provided in the plan
approved by the Board and the Inspector General of Madras Police, and furnished to all Collec-
tors with the Board's Miscellaneous Circular, No. XLIV, dated 3rd May 1864, is absolutely
needed. The Board have ascertained from the Superintending Engineer through the Collector
that the cost of a building on the standard plan will exceed that of one according to his plan
above referred to.

5. The early orders of Government are solicited, as a new Talook Cutcherry at Ambassa-
mudram is urgently needed.

No. 202. Proceedings of the Board of Revenue, dated 23rd November 1864, No. 7,621.

Read the following letter from J. SILVER, Esq., Collector of Tinnevely, to W. HUDLE-
STON, Esq., Secretary to the Board of Revenue, dated 7th November 1864, No. 428:—

With reference to the Order of Government, dated the 14th ultimo, No. 148, communicated
to me by the Board on the 12th idem, I have the honor to forward an Estimate amounting to
Rupees 11,300, prepared by the Superintending Engineer at my request, for constructing a
Talook Cutcherry at Ambassamudram, according to the Standard Plan received with the Board's
Miscellaneous Circular, No. XLIV, dated 3rd May 1864, and I request that the early sanction of
Government may be obtained for the same.

*Proceedings of the Madras Government, Revenue Department,
19th December 1864.*

ENCLOSURE No. 1.—Estimate.
