*Proceedings of the Madras Government, Public Works Department,
5th January 1865.*

No. 29. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 16th December 1864, No. 2,233;—

Sir,

1. I have the honor to bring to the notice of Government that in Government Order No. 750, dated 12th March 1864, an estimate amounting to Rupees 1,790 for repairing the sea groynes at Tranquebar was sanctioned from the Repair Fund of the Tanjore District, and in Government Order No. 857, dated 23rd March 1864, Rupees 533 out of the above amount were appropriated for outlay in 1863-64 from the only available allotment under the head of "Marine" and "Army."

2. In the current year I had still a balance of Rupees 1,598 out of the estimate to expend, and as I could not appropriate this large amount from the head of "Civil buildings," I entered the work under the head "Dykes," but the Controller, in a letter dated 18th November 1864, states that I have no authority to do so, but must apply to Government for permission to transfer the sum required from the head of "Agricultural" to "Buildings."

3. I now beg, accordingly, to make the application, though the groynes appear to me more properly to appertain to the class of works under Miscellaneous Public Improvement.

No. 30. ORDER THEREON, 5th January 1865, No. 15.

1. The work referred to in paragraph 1 should be classed under "Miscellaneous Public Improvement," to which head the Government sanction the transfer of Rupees 1,598 from the allotment for the Tanjore District, under "Repairs Agricultural."

Sir,

I have the honor to bring to the
notice of Government that in Govern-
ment order No 750 dated 12th March 1864
an Estimate amounting to \$1790 for
repairing the Sea Trooper at Tranquebar
was sanctioned from the Repair Fund
of the Engineer's Establishment in Government
order No 857 dated 23rd March 1864. Re-
fers 533 out of the above amount were
appropriated for outlay in 1863/64 from
the only available account under the
head of "Marine and Army".
2 In the current year, I had
still a balance of \$1518 out of the
Estimate to expend, and as I could
not appropriate the large amount
from the head of "Civil Buildings".
Under the work under the head "Dykes",
but the Controller, in a letter dated
15th November 1864, states that I have
no authority to do so, but must apply

to Government for permission to
transfer the sum, required from the
head of "Agricultural" to "Buildings"

3 I now beg, according to
make the application, though the
Exposure appear to me more properly
to appertain to the class of works
under Miscellaneous Public Im-
provement -

I have the honor to be
