**Proceedings of the Madras Government, Public Works Department,
6th January 1865.**

No. 51. Read the following letter from E. B. POWELL, Esq, Director of Public Instruction, to Colonel C. A. ORR, R. E, Secretary to Government, Public Works Department, dated 22nd December 1861, No. 2,582:—

Sir,
1 Under instructions from the Accountant General, copy of which is annexed for your information, I have the honor to send herewith the Budget Estimate of Educational Buildings for the year 1865-66.
2. It will be seen that, while the estimate amounts to Rupees 2,27,019, the estimated funds available amount only to Rupees 1,07,000, making a difference of Rupees 1,20,019.
3. I have to observe that the high total of the estimate is due to the entry of the sum of Rupees 94,000, on account of works to be executed at the Presidency. The Memorandum in the margin gives the sum in detail

Anglo Vernacular School, Mylapur	Rs. 500
Medical College	43,200
Presidency do.	50,000
Normal School, Madras	300
Total	94,000

4. I do not expect that the estimate will be fully worked up to, but, even if such should prove to be the case, I have little doubt that funds will be forthcoming from the unexpended balance on the estimate of the current year. This estimate amounts to Rupees 1,61,149, but I do not anticipate that, at the outside, more than one-half of the sum will be expended.

5 Should the estimate now sent require revision, I shall feel obliged by its being returned to me for the purpose with your remarks; but if not, I have to request that it may be forwarded to the Accountant General.

1. Referred to the Educational Department.
2. Under paragraph 2 of the new Budget Rules, the Imperial Public Works Budget should exhibit the entire estimated expenditure on Public Works from Imperial Funds, and all expenditure from Local Funds which is to be controlled by Public Works Officers.

4. Under Rule XL, a separate Budget is to be furnished to the Government of India of the entire expenditure to be incurred from Local Funds; the outlay proposed by the agency of the Public Works Department and exhibited in the Imperial Budget being entered in the lump sum, and that by other agency being detailed under the several parts of the Imperial Budget so far as they may be applicable.
