*Proceedings of the Madras Government, Public Works Department,
9th January 1865.*

No. 96. Read the following Proceedings of the Madras Government in the Revenue Department:—

Approving of the construction of a latrine at the Cutcherry and Salt Kotaur at Homes' Gardens, Madras District, and requesting that a plan and estimate for the work may be prepared and submitted for sanction. (Here enter 16th December 1864, No. 2,265.)

No. 97. ORDER THEREON, 9th January 1865, No. 47.

1. Communicated to the Superintending Engineer, 4th Division, who will be requested, in communication with the Collector, to prepare and submit a plan and estimate for the proposed latrine, and to report whether he can provide the necessary funds.
2. The work, when sanctioned, will be carried out under the orders of the Collector, who states that the aid of the professional Department will not be required.

(True Extract.)

*Proceedings of the Madras Government, Revenue Department,
16th December 1864.*

No. 169. Read the following Proceedings of the Board of Revenue, dated 3rd December 1864,
No. 7,771.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLE-
STON, Esq., Secretary to the Board of Revenue, dated Sydapet, 21st November 1864,
No. 527:—

1. I have the honor to bring to the notice of the Board of Revenue, a great want that exists
at the Catcherry and the Salt Kotaur at Homes' Gardens, and that is of a Latrine. What with
the laborers employed at the Kotaur, the Petitioners, &c., who come to the Catcherry, the office
people, and the Treasury and Office Guards, there must be at least 500 people about the place
daily, who have no place to resort to, and who are perpetually rendering themselves liable to be
taken up under the Police Act, for easing themselves in public.

2. I therefore earnestly entreat the Board will sanction the building of a Latrine, which
I propose should be on the newest system recommended by the Sanitary Commissioners. There
is a quantity of bricks belonging to Government at the gardens, and there is an old wall, and with
these two materials I think I could undertake to build a Latrine for 400 Rupees. I therefore
beg the Board will sanction the expenditure of such a sum, one-half of which might be deducted
from Salt Contingency, and the other from the head "Other Items" under Land Revenue. As
this is a work that requires no professional superintendence, I propose to carry it but without
calling in the aid of the Department of Public Works.

Submitted for the sanction of Government.

No. 170.

ORDER THEREON, 16th December, 1864, No. 2,265.

Separate Revenue, No. 18.

Salt.

1. The Government approve of a Latrine being built,
suited to the dry earth conservancy system.
2. Orders will be passed in the Public Works Depart-
ment for the preparation of a Plan and Estimate and as to the
source from whence funds can be drawn and the agency by which the work should be executed,
(True Extract.)

W. Hudson
Secretary to Government.

My opinion of the construction of a latrine at the last entry and all that at the same garden, the same. Did not request that a plan of estimate for the work, may be prepared and submitted for action —

Communicated
to the Superintending
Engineer Jth. D^r, who
will be requested, in
communication with the
Collector, to prepare
and submit a plan &
estimate for the proposed
labrine, and to report

but I very much doubt
whether there be any
in having a cotton
