*Proceedings of the Madras Government, Public Works Department,
11th July 1864.*

No. 169. Read the following Endorsement of the Superintending Engineer, 2nd Division, dated Camp, Nellore, 30th June 1864, No. 30.

Read the following letter from Captain A. S. MOBERLY, R. E., Executive Engineer, 1st Class, to Lieutenant-Colonel J. C. ANDERSON, R. E., Superintending Engineer, 2nd Division, dated Nellore, 13th June 1864, No. 103 :—

SIR,

1. With reference to paragraph 4 of the Order of Government, No. 1,428 of the 17th May 1864, forwarded with your Memorandum No. 61A of the 25th idem, and requesting explanation regarding the cost of the doors and windows procured by me for the Traveller's Bungalow at Gudur on Trunk Road No. 6, I have the honor to inform you that considering that I should get the doors, &c., quicker, cheaper, and better by procuring them from Madras than if I had brought the logs and had them sawn and made up at Nellore to be afterwards taken twenty-four miles back, I wrote privately in November last to Mr. Kennedy, asking him to procure the doors and windows as soon as possible, and to let me know the cost at which they could be delivered.

2. I have hesitated in mentioning Mr. Kennedy's name as he had acted in a private and friendly manner, and I trust that no blame will be attributed to him by Government. It struck me at the time of receiving his note that the prices charged were high; but as the Officer lately in charge of the Southern Range of this District had informed me that some half-panelled and half-venetianed doors of about the same size that had been made up for him at the Nellore Workshop for his private purposes had cost him Rupees 45, I supposed that the price of Teakwood was very high in Madras. The doors and windows sent up by Mr. Kennedy are of first rate quality, and far superior to anything of the kind to be seen here; the wood is of the best, and there are no signs of putty for filling up holes which you may generally see in most doors and windows, and as last year I had to complain of the wood received from Messrs. Whelan & Co., I did not consider it would be prudent to try them again.

3. I would take this opportunity of pointing out the difficulty of procuring good materials from Madras, as there is no Workshop on which one can indent for wood work, or any other building materials, and as a general rule we must trust to the Shopkeepers.

1. Submitted to Government, with reference to G. O., No. 1,428, dated 17th May 1864 paragraph 4.

2. I have seen the doors and windows in question. The workmanship is excellent; indeed unnecessarily good for a Traveller's Bungalow.

(Signed) J. C. ANDERSON, Lieut.-Colonel, R. E.,
Superintending Engineer, 2nd Division.

No. 170. ORDER THEREON, 11th July 1864, No. 1,996.

The Government are not satisfied with the explanation submitted by Captain Moberly, but under the circumstances stated, they have no alternative but to pass the rates charged for doors and windows in the revised Estimate for the Travellers' Bungalow at Gudur.

(True Extract.)

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Deputy Secretary to Government.

To the Superintending Engineer, 2nd Division.
