MADRAS RECORD OFFICE.

Government of Madras.

Public Works **DEPARTMENT.**

G.O. No.	2122	Press Mis.
4861487		
Dated	2-8-7	1864.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
28th July 1864.*

Read the following papers:—

No. 48 From Lieutenant-Colonel C. V. WILKIESON, R. E., Comptroller and Auditor of Public Works Accounts, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 7th July 1864, No. 594.

SIR,

1. I have the honor to forward, for submission to Government, the "Appropriation Return" of the Madras Presidency for April 1864.

The total amount appropriated from the "Reserve Fund" up to 30th April 1864, or during the official year 1864, was Rupees 10,46,103, w. deducted from the Reserve allotment *modified*, left Rupees 10,576 unappropriated at the end of the last official year. The note in the margin will explain the manner in which the Reserve Fund came to be increased to so large a sum as Rupees 10,63,429, while originally only 5,70,000 Rupees.

3. Exclusive of deductions that were made during the year for works cancelled, and not commenced during the year, the total amount appropriated towards "Repairs" up to April 1864, was Rupees 20,41,907. If this sum be deducted from Rupees 22,41,259, the amount given in Part II of the Budget (1863-64) for "Repairs," Rupees 2,02,352 remained unappropriated up to the end of the last official year.

4. The sum of Rupees 236, given in Government Order No. 1,073, dated 15th April 1864, for "re-building the Civil Dispensary at Coimbatore," was omitted from the local return

by Colonel Walker; because the work could not be carried out last year. I have, however, included it in the general return, as I believe it is the wish of Government that all sums sanctioned during a month *should* be included in the return for that month.

5. An item of Rupees 393, for "enlarging the Platform (salt, it is supposed) at Coilpatam" appeared in the Local Return, as sanctioned by the Collector, from the "Minor New Work" allotment. It appears to me that neither the Collector nor Superintending Engineer is vested

1 Appropriation Return of the Madras Presidency for April 1864.
1 List.

2 *Proceedings of the Madras Government, Public Works Department,*
23th July 1864.

with this power; and that it is an error to class this work as a "Minor New Work" as, however, this is the last Return for the year 1863-64, and which year had expired when the Local Return was received, I have admitted the item in the general return.

6. In connection with the Tinnevely District, I beg to remark that while Rupees 2,500 were given by Government for "Minor New Works," Captain Moberly represented that Rupees 1,550 were not required, and in Government Order No. 1,098, dated 16th April 1864, this amount was credited to the Reserve. It now appears from the Local Return that Rupees 1,976 were appropriated up to April 1864, thus exceeding the reduced allotment (Rupees 950) by Rupees 1,026.

7. A number of appropriations are embodied in Tanjore District, under the head "Metals," but in no way corresponding with the amounts given in the Budget, this head. Captain Bean was asked to explain the sources whence these would be met. He only has been received; but the items have not been included in the general return.

8. I beg to append a list, showing the deductions that are to be made in the Abstract under the heads "Minor New Works," "Special Repairs," and "Current Repairs" respectively.

MINOR NEW WORKS.

Deduct	CUDDAPAH.	rs.
For the construction of head sluice of Nanainellore channel as being cancelled, which was included in the Appropriation Return for August 1863, under the head Minor New Works.		410

* Inclusive of Rupees 6,750 re-transferred from the Reserve to the head "Stores."

the allotments under the heads "Reserve" and "Repairs" respectively.

2. Several items are entered in the Return without the dates of sanction or the authority by which the estimates were passed. As these omissions entail considerable labour upon the Government Office, it is hoped that future Returns will be submitted complete in every particular.

3. Rupees 66 are shown to have been appropriated in April last to the work noted in the margin, while the full amount of the estimate was entered as appropriated in the Return for December 1863. The circumstances under which the second appropriation was made should be explained.

4. A sum of Rupees 538 is entered on account of monsoon repairs to salt buildings in South Canara, with the following remark:—"Further appropriation in addition to last month's advances for work to be done by Revenue Department." The Government are unable to trace this work in the Return for March 1864. In the absence of an estimate, the amount appropriated should have been entered in the column "Estimate."

8 *Proceedings of the Madras Government, Public Works Department,*
28th July 1864.

5. In the Abstract appended to the Return the total sums sanctioned from the Reserve under the heads "Original Works" and "Repairs" are given as Rupees 9,31,970 and Rupees 64,654 respectively. The correct figures are noted below:—

Original Works	...	...	...	Rupees 9,27,264
Repairs	...	...	...	" 69,360

* Rupees 3,490, repairs to the Weyacandam Channel, &c., in Trichinopoly.
Rupees 1,216 (part of Rupees 3,552) for repairs of damages to works in Vizagapatam.

15th March 1864, No. 781.
19th November 1863, No. 3,382.

6. The difference is owing to certain sums sanctioned in the Orders marginally noted, having been included by the Controller in previous Returns, under the former instead of under the latter head.

7. The Controller brings to notice that Rupees 1,026 were expended on Minor New Works in the Tinnevely District, in excess of the amount available under that head. Captain Moberly is requested to explain the circumstances under which this occurred.

8. As the subject referred to in paragraph 7 of the Controller's letter, dated 7th July 1864, and in his endorsement, dated 15th idem, recorded above, is not fully understood, he will be requested to submit a further report with the entire correspondence for the information of Government.

9. The Government of India having recently intimated that it is unnecessary to exhibit separately in the Appropriation Returns the amounts sanctioned from the Reserve on account of repairs, the Controller is requested, in the preparation of future Returns, to deduct in column 1 of the Statement all transfers from the total grant under the former head, and to make corresponding additions to the allotment under the latter head.

10. The Government of India having reduced the Budget heads to five, future Appropriation Returns should be prepared with reference to the revised classification.

11. Ordered that the original Return be forwarded to the Government of India with a copy of these Proceedings.

Dated 15th July 1864
Recd 16th July 1864
N° 1882
No 2153-2153-222 July 1864 -
Submitting letter 1864
dated 5th July 1864, from the
Off^r Jy 1864 & 6th June
with reference to letter
N° 594 dated 7th July 1864
from this Office
M.

to be increased to so large a sum as Rs. 10,63,429, which is originally only 5,70,000 Rupees.

3. Exclusion of deductions that were made during the year for works cancelled and not commenced during the year, the total amount appropriated towards "Repairs" up to April 1864, was Rupees 20,41,907. If this sum be deducted from Rupees 22,44,259, the amount given in part II of the Bud. get. 1863-64 for "Repairs," Rupees 20,23,52 remained unappropriated up to the end of the last Official Year.

4. The sum of Rupees 236 given in Government Order No. 1073 dated 15th April 1864, for "Rebuilding the Civil Dispensary at Coimbatore" was omitted from the local return, because the work could not be

Deduct	<u>10,56,679-8-11</u>
Appropriated up to April 1864	10,46,103

Balance remaining unappropriated	<u>10,576-8-4</u>
----------------------------------	-------------------

Unappropriated out of Minor new works	
Rupees	8521
Do out of the General Reserve	1255

Not included in the following	
to Govt. Order No. 1073 dated 15 th April 1864	236
April 1864 Rupees	<u>800</u>
	<u>Rs. 10,576</u>

"Repairs" was omitted from the local return, because the work could not be

be carried out last year. I have, however, included it in the general return, as I believe it is the wish of Government that all sums sanctioned during a month should be included in the return for that month.

5. An item of Rupees 393, for "enlarging the Platform Salt, it is supposed" at Coimbatore" appeared in the local return, as sanctioned by the Collector, from the "Minor new work" allotment. It appears to me that neither the Collector nor Superintending Engineer is vested with this power; and that it is an error to class this work as a "minor new work." As, however, this is the last return for the year 1863/64, and which year had expired when the local return was received, I have admitted the item in the general return.

6. In connexion with the Treasury, District, I beg to remark that, while Rupees 2500 were given by Government for "Minor new works," Captain Moberly represented that Rupees 1550 were not required, and in Government Order No. 1073 dated 15th April 1864, this amount was credited to the Reserve. It now appears from the local return that Rupees 1976 were appropriated up to April 1864, thus exceeding the reduced allotment (Rupees 950) by Rupees 1026.

A number of appropriations
are embodied in the Tanjore District, under
the head "Melated Roads" but in no way
corresponding with the amount given in
the Budget under this head. Captain Khan
was asked to explain the sources whence
these would be met. No reply has been
received, but the items have not been in-
cluded in the general return.

* 1863/64

I beg to append a list showing
the deductions that are to be made in the
Abstract under the heads "Minor New Works",
"Special Repairs", and "Current Repairs",
respectively.

Proceedings of the Madras Government
Under date the 28th July 1864
Recd the following

From the Controller & Auditor
of P. W. Accounts.

Forwarding the appropriation
Register of the Madras Presidency (Here enter 1st July 1864
No 594)
for April 1864.

From Do Do

Submitting letter No 604
dated 5th July 1864. from the
Assy. Engineer 6th Do with
reference to letter No 594 dated
7th July 1864 from this Office -
(Here enter 15th " " No 602)

From the Appro:

allment - appropriation Balance Retun for April
Reserve - 10,63,129 - 10,52,853 - 10,576
Repairs - 22,66,259 - 20,61,907 - 20,23,571 1864, submitted with the

first of the letter re:

+ Enclosed of Rs. 6750 returned
from the Revenue
to the head "Store" +
observed that Rs. 10,52,853

proposition for May 1863
Carried Over

and Rs 20,41,907
were appropriated
up to 30th April
1864 from the
allotments under
the heads "Re:
serve" and "Re:
pairs" respectively

2. Several
items are entered
in the Return
without

186
Sick Sines & Gun Shed
of 1st 2 Battery 28th
Brigade Royal Artillery.
Vizagapatnam -

without the dates of some,
tion in the authority by
which the estimates were
passed - As these
amissions entail con-
siderable labor upon
the Gov^t Office, it
is hoped that future
Returns will be sub-
mitted complete in every
particular -

Rs 66 are shown
to have been appropriated
in April last to the
work noted in the margin,
while the full amount
of the estimate was
entered as appropriated

in the Return for
Decr 1863 - The cir-
- cumstances under which
the second appropriation
was made should be
explained -

A sum of Rs 538
is entered on account of
monsoon repairs to salt
buildings in South Canara,
with the following re:-

- marked - "Further ap-
- propriation in addition
to last month's advances
for work to be done
by Revenue Department -"

The

19

The Government are
unable to trace the
work in the Return
for March 1864 - In
the absence of an
estimate, the amount
appropriated should
have been entered in
the column "Estimate"
In the abstract,
appended to the Return
the total sum ~~same~~
- tioned from the Revenue
under the heads "Original
work" and "Repairs" are
given as Rs 9,31,970 and
Rs 64,656 respectively -

The

De
Gu

The correct figures are noted below

Original work — 9,27,261
Repairs — 69,360

The ~~difference~~ ^{certain}
difference is owing to the
being sanctioned

in the order made
originally noted, having
been included by the
in previous Returns,
Controller under the former
mode of order the latter
head.

The Controller
bring to notice that
Rs. 1026 were expended

* Rs 3490 - Repairs to
the Mysorendam Ch.
des. in Tuckinof
Rs 1216 (Part of Rs 3552)
repairs of damaged
works in Vijayapalam

15th March/64 No 781
19 Novr/63 - " 3382.
