*Proceedings of the Madras Government, Public Works Department,
1st August 1864.*

No. 11. Read the following Proceedings of the Board of Revenue, dated 23rd July 1864,
No. 4,643.

Read the following letter from the Collector of Malabar, dated Calicut, 20th June 1864,
No. 143:—

1. From a Circular, dated 14th instant, No. 11, received from the Accountant General, I observe that a sum of Rupees 2,050 is all that has been allotted for the maintenance of the Public Bungalows in this District. About Rupees 950 more may be estimated as the probable collection of fees under present arrangements during the current year, which will increase the amount to Rupees 3,000. But the present annual cost of establishment and repairs amounts to about 5,000 Rupees, as shown in my letter of the 14th instant.

2. I have therefore the honor to request that at any rate the sanction of Government may be obtained for a further grant of 2,000 Rupees being made to meet the expenses on account of Public Bungalows during 1864-65.

3. I have treated the subject fully in my letter of the 14th instant, written before receipt of the present Circular, and I am in hopes the allowance for Bungalows may be raised, as I think I have shown is desirable.

4. But even should things be left in their present unsatisfactory condition, an allowance beyond that quoted by the Accountant General, as above shown, will be required.

The Board observe that the sum of Rupees 2,050 allotted for the maintenance of the Public Bungalows, with the fees that may be realized in the course of the year, is intended only to meet the cost of Establishment and other contingencies, and not the expense of repairs, for which necessary provision will be made in the Public Works Budget. No extra grant is therefore necessary. The charges for the management of the Bungalows should be limited to the sum allotted, *plus* the fees realized, and should under no circumstances exceed it.

No. 12. ORDER THEREON, 1st August 1864, No. 2,186.

No. 381, dated 6th February 1864. 1. As stated in paragraph 106 of the Orders marginally noted, no provision has been made in the Public Works Budget for the current year for the construction and repair of Travellers' Bungalows.

2. In the event of repairs being required to these buildings, it will be necessary for the Superintending Engineers to obtain the sanction of Government to the diversion of the requisite funds from the allotment under any of the heads in Part II of the Budget.
