Proceedings of the Madras Government, Public Works Department, 1st August 1864.

No. 25. Read the following letter from W. HUDLESTON, Esq., Secretary to the Board of Revenue, to Major J. H. M. SHAW STEWART, R. E., Deputy Secretary to Government, Department Public Works, dated Madras, 22nd July 1864 :—

SIR,

1. With reference to the Memorandum. from the Secretary to Government, Department Public Works, dated 4th February 1864, I am directed by the Board of Revenue to forward herewith a revised Local Fund Budget for 1864-65, prepared in the form therein prescribed.

2. The Board regret the delay that has taken place in the submission of this Estimate, but the last District Return was only received on the 13th instant.

3. The provision now made in the District Estimates amounts to Rupees 4,70,219 for both original works and for current and special repairs ; and as it is probable that applications for emergent works not provided in the Budget will be received during the year, the Board have added a sum of Rupees 15,000 as a reserve to meet such charges.

4. In paragraph 10 of the Proceedings of Government, in the Department Public Works, dated 18th February 1864, No. 492, the Government observed that no Income Tax or Local Funds were available in the Kistna and Nellore Districts, to provide the amounts required for the works entered in the two lists submitted by the Superintending Engineer, of the 2nd Division, and therefore they transferred them to the Board for consideration in the preparation of the Local Fund Budget for 1864-65. The Local Fund Estimate received from the Collectors contain none of the Estimates entered in the abovementioned lists, and as the estimated cost of works now proposed in the two Districts are equal to the estimated receipts, the Board are unable to make any provision for the works in question. The original lists received with the G. O. above referred to are therefore now returned.

No. 26. ORDER THEREON, 1st August 1864, No. 2,193.

1. The letter recorded above gives cover to the Local (Road) Fund Budget for the year 1864-65.

The Government note that the proposed expenditure amounts to Rupees 4,85,219, as follows:—

	RS.
New Works...	1,93,178
Repairs...	2,02,041
Establishments...	75,000
Reserve...	15,000
	4,85,219

2. In addition to the above, a sum of Rupees 4,148 is shown to be available from last year's grants, for expenditure on original works. This will increase the outlay during the current year to Rupees 4,89,367.

3. The Estimates for several works, estimated to cost more than 2,000 Rupees each, do not appear to have been sanctioned by Government. The attention of the local Officers will be requested to the Rules passed in Proceedings dated 4th March 1864, No. 392, Revenue Department.

4. The Superintending Engineer, 2nd Division, will observe from paragraph 4 of the foregoing letter, that the Board of Revenue have been unable to provide for the works entered in the Lists referred to in Proceedings No. 492, dated 18th February 1864.

5. The Accountant General will issue instructions to the Collectors to place at the disposal of the Superintending Engineers such funds as may be required for the execution of works to be entrusted to the Officers of the Public Works Department.

6. The sum of Rupees 75,000, set apart for Establishments, has been already credited in the Imperial Budget, and Mr. Lushington will be requested to arrange for the transfer of that amount.

4,70,219 for both original works and for current

Proceedings of the Madras Government, Public Works Department, 1st August 1864.

7. The Budget will be printed and forwarded to the Government of India in the Public Works Department, with reference to paragraph 10 of the Financial Resolution of that Government under date the 15th April 1864, No. 2,017.

Department Public Works.

Sir,

With reference to the Memo from the Secretary to Government D.D. dated 4th. February 1864 I am directed by the Board of Revenue to forward herewith a revised Local Fund Budget for 1864-65 prepared in the form therein prescribed.

2. The Board regret the delay that has taken place in the submission of this Estimate, but the last District return was only received on the 13th Instant.

3. The provision now made in the District Estimates amounts to Rupees 470219 for both original works and for current

current and Special repairs, and as it is probable that applications for emergent works not provided in the Budget will be received during the year, the Board have added a sum of Rupees 15,000 as a reserve to meet such charges.

4. In para 10 of the Proceedings of Government in the P. W. dated 18th February 1864 No 492 the Government observed that no Income Tax or Local Funds were available in the Kistna and Nellore Districts to provide the amounts required for the works entered in the two lists submitted by the Superintending Engineer of the 2d Division, and therefore they transferred them to the Board for consideration in the preparation of the Local Fund Budget for 1864-65. The Local Fund Estimate received from the Collectors contain none of the Estimates entered in the above mentioned lists and as the Estimated cost of works now proposed in the two Districts are equal to the estimated receipts, the Board are unable to make any provision for the works in question.

The original lists received with the G. O. above referred to are therefore now returned.
