*Proceedings of the Madras Government, Public Works Department,
20th January 1864.*

No. 445. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E.,
Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to
Government, Department Public Works, dated Coonoor, 15th January 1864, No. 302:—
SIR,

1. With reference to paragraph 5 of the Order of Government No. 66, dated 8th instant,
I have the honor to state that the only unappropriated repair allotment in Malabar, from which
the two Estimates for alterations to the Lightning Conductors at Cannanore and Malliapuram
(amounting to Rupees 390 and Rupees 80 respectively) can be without inconvenience defrayed
is that for "Accommodation for Troops," Rupees 3,358.

2. The amount of Estimate for altering the Conductor at Mangalore (Rupees 146) can be
met by appropriating Rupees 15 from the as yet untouched allotment of Rupees 25 for "Light
Houses" and Rupees 131 from the unspent balance of Rupees 166, remaining from the allotment
of Rupees 209 for "Boats, Bridges and Ferries."

No. 446. ORDER THEREON, 20th January 1864, No. 220.

1. From the Orders marginally noted, the Superintending Engineer, 7th Division, will
observe that the Estimate for alterations to the Lightning Conductors
attached to the Magazine at Mangalore has been sanctioned from the
current year's Reserve.

2. The cost* of the works referred to in paragraph 1 of this letter cannot be met from the
allotment for repairs. Lieutenant-Colonel Walker will therefore be
good enough to report whether the amounts required cannot be met
from savings in the allotments for new works. As the Reserve is
nearly exhausted, the Government is reluctant to allot funds from that source at present.
