*Proceedings of the Madras Government, Public Works Department,
4th August 1864.*

No. 103. Read the following letter from Lieutenant-Colonel O. W. S. CHAMBERS, R. E.,
Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to
Government, Department Public Works, dated Waltair, 18th July 1864, No. 433:—

SIR,

No. 1,062 of 14th April 1864.

1. In their Order as per margin,* Government authorized Apprentices to draw travelling batta when employed on survey duties.

2. In some Ranges it is usual to send Apprentices away from head quarters, either to see how large works are carried on, or to superintend the construction of minor works; I beg that Government will inform me, whether absence from head quarters on such occasions entitles these young men to draw batta.

3. The Comptroller will not disburse the sanctioned batta unless he is furnished with a certificate, stating that the Apprentice has been employed "on survey duties," which, when the lad has been superintending the building of a sluice away from his station, debars the Range Officer from drawing for him the travelling allowance to which he is probably entitled.

No. 104. ORDER THEREON, 4th August 1864, No. 2,233.

1. The Governor in Council will not object to extend the grant of travelling batta to those Apprentices who may be employed away from their head quarters, under the orders of the Superintending Engineers, upon duties strictly connected with their professional training.

2. The Superintending Engineers will be careful to see that the sum allotted to each Division, under the head of "Batta for Office Establishments," is not exceeded.

(True Extract.)

(Signed) J. H. M. SHAW STEWART, Major, R. E.,

Deputy Secretary to Government.

To the Superintending Engineer, 1st Division.

To all other Superintending Engineers.

Madras

Sir,

1/11/64 In their order as per margin,
Government authorized Apprentices
to draw travelling battas when employed
on Survey duties.

2- In some ranges it is usual to
send Apprentices away from head
quarters, either to see how large works
are carried on, or to superintend
the construction of minor works: I
beg that Government will inform
me whether absence from head
quarters on such occasions entitles

these young men to draw batta. -
 3- The Comptroller will not disburse
 the sanctioned batta unless he is
 furnished with a certificate stating
 that the Apprentice has been employed
 "on Survey duties", which, when the
 lad has been superintending the
 building of a sluice away from
 his Station, debars the Range
 Officer from drawing for him the
 travelling allowance to which he
 is probably entitled -
