*Proceedings of the Madras Government, Public Works Department,
5th August 1864.*

No. 125. Read the following Memorandum from J. D. SIM, Esq., Secretary to Government, Ecclesiastical Department, to Colonel C. A. ORR, B. E., Secretary to Government, Public Works Department, dated Fort Saint George, 28th July 1864, No. 404 :—

The Secretary to Government has the honor to send the letter noted in the margin, together with the papers which accompanied it, for the plastering of the compound wall of the Church at Trevandrum, and to inform Major Stewart that he sees no objection to the work.

From Reverend A. H. ALCOCK, M. A., Commissary of the Diocese, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, dated Fort Saint George, 25th July 1864, No. 144.

HONORABLE SIR,

I have the honor to forward the accompanying letter from the Reverend T. Foulkes, Chaplain of Trevandrum, together with a letter and Estimate from Mr. Barton, Engineer, Travancore States, for the plastering of the compound wall of the Church at that station, and to request you will be good enough to submit the same for the favourable consideration of His Excellency the Governor in Council.

From Reverend T. FOULKES, Chaplain of Trevandrum, to the Reverend A. H. ALCOCK, M. A., Acting Archdeacon, Madras, dated Quilon, 19th July 1864.

REVEREND AND DEAR SIR,

1. On my recent visits to Trevandrum I found that the laterite wall of the Church compound had been a good deal damaged by the rain washing out the soft parts of the laterite.

2. I consulted the Engineer of the Travancore States, Walthew Barton, Esq., on the subject; and he has strongly recommended that the walls should be plastered over without delay, to obviate the gradual destruction of the laterite by the rain.

3. I requested Mr. Barton to have an Estimate of the probable cost of the work prepared, which* I enclose herewith, together with the Engineer's accompanying letter, in which you will perceive that he "*strongly advises that the work should be undertaken without delay.*"

* Rupees 192½.

4. I have thought it well to ask Mr. Barton's advice about these walls rather than to write to the Engineer at Madura, to avoid the very long delay that must necessarily occur by taking that course.

5. Mr. Barton has also given permission to say that in case Government should sanction this work being undertaken, he will be able to permit it to be done by the workmen of the Travancore Public Works Department.

6. I shall be much obliged if you will be good enough to forward this Estimate to Government for their sanction, with your recommendation that the work should be undertaken at once.

From WALTHER BARTON, Esq., to Reverend T. FOULKES, Chaplain of Trevandrum, dated Trevandrum, 16th July 1864.

MY DEAR MR. FOULKES,

I enclose you a Memorandum of the probable cost of plastering the walls of the Church enclosure, and I would strongly advise that the work should be undertaken without delay. The walls are of a very bad description of laterite in mortar, and require protection from the weather which this plaster will afford.

*Proceedings of the Madras Government, Public Works Department,
5th August 1864.*

No. 126.

ORDER THEREON, 5th August 1864, No. 2,243.

The Superintending Engineer, 8th Division, will be requested to arrange for the immediate execution of the repairs required to the compound wall of the Church at Trevandrum, and to report the source from which the cost* of the work is to be met.

* Rupees 192½.

(True Extract.)

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Deputy Secretary to Government.

To the Superintending Engineer, 8th Division, with Estimate.

„ Accountant General.

„ Controller and Auditor of Public Works Accounts.

„ Ecclesiastical Department.

Exd. S. T. Augustin.
