*Proceedings of the Madras Government, Financial Railway
Department, 2nd August 1864.*

1. Read the following letter from Captain J. G. LINDSAY, R. E., Deputy Consulting Engineer for Railways in charge; to J. D. SIM, Esq., Secretary to Government, Fort Saint George, dated Madras, 23rd July 1864, No. 400.

I have the honor to transmit, for the information of Government, an abstract showing the progress made in the alteration and construction of urinaries, &c., on the South-West and North-West lines, for the fortnight ending the 15th July.

2. The Medical staff report that all the buildings were "clean." The Apothecary at Mysore remarks:

"There are no privies or urinaries for Natives at this station."

3. In paragraph 10 of Application, No. 95, dated 23rd February last, Lieutenant Colonel G. O., dated 4th March 1864, No. 145. O'Connell wrote:

"Mr. Smart considers that if a urinal be constructed by the Department Public Works at Mysore, near the proposed Choultry, it will amply meet all requirements.

"This will certainly be necessary for Native passengers at the Choultry, but I am of opinion that the Railway authorities should also provide accommodation for their own employes within the station compound."

4. It appears to me that provision should be made at an early date by the Public Works Department, for the construction of a latrine at the site of the proposed Choultry; and should be found that it is inadequate to meet the wants of passengers resorting to the Railway station, the Railway Company should undoubtedly be called upon to provide the requisite accommodation.

5. The progress reported, and as shown in the abstract, is satisfactory. The delay in the completion of the works was reported in my letter to your address of the 12th instant, No. 383.

ABSTRACT.

Statement showing the progress made in the alterations and construction of Urinaries and Latrines on the South-West and North-West Lines, during the fortnight ending 15th July 1864.

Depy. Consgr. Engr. for Railways in charge.

No. 2. ORDER THEREON, 2nd August 1864, No. 482.

Orders will be issued in the Public Works Department for the construction of a urinal at
Beypore near the proposed Choultry; but as the latter will not be finished for some time, the
Railway authorities must provide the necessary accommodation for their passengers and employes.
