*Proceedings of the Madras Government, Public Works Department,  
11th August 1864.*

No. 243. Read the following letter from Captain J. MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works, dated Madras, 4th August 1864, No. 56 :—

SIR,

No. 775, dated 28th July 1864.  
,, 463, ,, 22nd ,,

• Miles 18 to 43.

1. I have the honor to submit the letters as per margin, from the Agent and Chief Engineer of the Irrigation and Canal Company, applying for an advance of 3 lacs of Rupees to allow the works in the second and third Sections\* to be gone on with, pending the submission of the supplemental

Estimates which are now under preparation.

2. The Estimates for revetments and additional earthwork were called for in the Order of Government No. 2,668, dated 15th September 1863, and from the Chief Engineer's letter it would appear that they have been prepared, but it has been found that they needed revision.

3. Much of the work to be provided for in these Estimates has been already done, and from my report on the works in these sections it will be seen that there was much need of a careful revision of the works and arrangements. The present Executive Engineer had rejoined but a short time before I made my inspection, and the correction of the Estimates would necessarily occupy him for a considerable time, I beg therefore to recommend that the advance applied for may be granted.

† Letter No. 40, dated 2nd July 1864,  
paragraphs 29 to 63.

No. 244. ORDER THEREON, 11th August 1864, No. 2,301.

Under the circumstances, the Governor in Council sanctions the advance of three lacs of Rupees, to provide for the prosecution of the work in the second and third Sections of the Canal, pending the preparation of the revised Estimates. It is hoped that their submission will not now be much longer delayed.

Sir I have the honor to submit the  
letters as per margin from the Agent and  
Chief Engineer of the Irrigation and  
Canal Company, applying for an advance  
of 3 lacs of Rupees to allow ~~the~~ the works  
in the 2<sup>d</sup> and 3<sup>d</sup> sections to be gone on with,  
pending the submission of the supple-  
-mental estimates, which are now under  
preparation.

2 The estimates for revetments and  
additional earth work were called for in  
the Order of Government N<sup>o</sup> 2668 dated 15  
September/63 and from the Chief Engineer's letter  
it would appear that they have been  
prepared, but it has been found that  
they needed revision.

3 Much of the work to be provided  
for in these estimates has been already done  
and from my report on the works in these  
sections it will be seen that there was much  
need
