*Proceedings of the Madras Government, Public Works Department,
18th August 1861.*

Read the following papers :—

No. 358. From Captain H. T. ROGERS, R. E., for Controller and Auditor of Public Works Accounts, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras 26th July 1861, No. 740.

SIR,

In submitting for the orders of Government the bill amounting to Rupees 443, for the work noted in the margin,* executed in the Coim-
batore District for the year 1863-64, I have the honor to state that as the Superintending Engineer, 7th Division, declines to pass the bill in question for the reasons given on the back of the explanatory Memorandum† herewith sent, it appears to me, therefore, proper to submit the bill to Government together with its enclosures with reference to paragraph 13, Chapter IV of the New Code.

Memorandum from Major J. H. M. SHAW STE WART, R. E., Deputy Secretary to Government, Public Works Department, to Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, dated Chepauk, 29th July 1861.

With reference to the bill for repairing the Colinjeevady Anicut, submitted by the Superintending Engineer to the Controller of Public Works Accounts on the 4th instant, with Endorsement, Colonel Walker is requested to furnish the Government with information on the following points :—

Date upon which the second Estimate, of Rupees 2,250, was prepared by Mr. Wiffin.
Whether the second Estimate was intended by Mr. Wiffin to include all the work necessary to the thorough repair of this Anicut. If so, Mr. Wiffin will be called on to state why he did not consider the first Estimate as cancelled. If not, he will give his reasons for not including all necessary work in the revised Estimate.

No. 359. From Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Coimbatore, 6th August 1861, No. 80.

SIR,

1. As directed in your Memorandum of 29th July herewith returned, I have the honor to report the 23rd November as the date on which the second Estimate was prepared by Mr. Wiffin. So much a matter of course did I take it that it superseded the first Estimate that I find my pencil docket on the document, blaming the Account Department of my office for not deducting the amount of the latter from former appropriations when reporting to me what funds were available.

2. I have just had an opportunity of seeing Mr. Wiffin, and it is clear that he simply made use of the first sanction to execute such work as was emergently required, without reference to Estimate; instead of including every thing in the second Estimate and commencing on it emergently. His bills have been giving me a good deal of trouble, and he came into Coimbatore expressly to apologize for them, and to state that having hitherto been employed chiefly on large works in the Kistna and elsewhere, under Executive Officers, in whose Offices the account and bill work was chiefly done, he is not so well up to that part of his duties and versed in the Government Orders as he should be.

3. Under these circumstances, as the Sub-Collector in charge of his Taluq is well pleased with his work, and I have every reason to be satisfied with the manner in which his Executive duties have been carried out, I have now passed the bill and request that it may be returned to the Controller for disposal in the usual course.

I have just had an opportunity of seeing Mr. Wiffen, and it is clear that he simply made use of the 1st sanction to execute such work as was emergently required, without reference to Estimate, instead of including every thing in the 2^d Estimate and commencing on it emergently.
