No. 512. From Surgeon J. MILLER, M. D., Medical Officer, Neilgherries, to J. A. REYNOLDS, Deputy Inspector General of Hospitals, Southern Division, Trichinopoly, dated Ootacamund, 27th July 1864, No. 16.

SIR,

1. I have the honor to report that Pensioned 1st Dresser Veerahgoo, attached to the Jail Hospital at the Lawrence Asylum works near Lovedale, has tendered his resignation, and requested to be relieved of his appointment on the score of the bad health of his family whom he wishes to remove to the plains.

2. I take this opportunity of venturing to suggest a change in the Medical arrangements of this Jail. I have hitherto been in Medical charge of it, and have received an allowance for the extra duty of Rupees 50 a month. Pensioned 1st Dresser Veerahgoo has performed the subordinate duties on a salary of Rupees 30 a month. Both of these stipends have been paid out of the Estimate for the works. Of late the number of prisoners has been much increased, and sickness has been more prevalent among them, and I have found it impossible, especially at this busy season in Ootacamund, to give that time and attention to the charge which its importance requires. It has also been found that the pensioned Dresser, however willing, is not sufficiently qualified for the position; and I would therefore suggest that a trustworthy Apothecary should be placed in Medical charge of the Convicts and others employed on these works, and that his pay should be provided, or supplemented, from the allowances hitherto granted to myself and the pensioned Dresser. I would be glad still to exercise such general supervision of the charge as my other duties will admit of, and to do so of course without any remunerative allowance.

3. I have the honor to request that the matter may be submitted to the Principal Inspector General, Medical Department, in order that he may either sanction the plan here proposed, or adopt such other as may seem to him suitable in the circumstances.

Recommended. The work is about three miles distant from Ooty, and as the working party is likely to increase an intelligent subordinate should be put in charge on extra allowances.

TRICHINOPOLY,
1st August 1864.

Deputy Inspector General, Southern Division.

~~No. 513.~~ Memorandum from J. SHAW, Esq., Officiating Principal Inspector General, Medical Department, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Fort Saint George, 9th August 1864, No. 266.

The sanction of Government to Dr. Miller's suggestion is respectfully solicited, viz., that an experienced Medical Subordinate, with a staff salary of Rupees 50, be appointed to the Jail and working party at Lovedale, Neilgherries, and that the staff salary be taken from Dr. Miller's salary of Rupees 50 per mensem, which he proposes to give up, and that a Dresser will no longer be required.

M. 513. From J. SHAW, Esq., Officiating Principal Inspector General, Medical Department, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Fort Saint George, 15th August 1864, No. 270.

SIR,

1. With reference to your letter No. 92 of the 12th instant, I have the honor to state for the information of Government, that as the duty is of a temporary nature, an Assistant Apothecary can be made available for entering at once on the Medical duties of the Jail and working party at Lovedale, and that no addition will be required to the establishment on this account.

2. The remuneration I would propose is, an allowance of Rupees 50 per mensem in addition to his regular pay, in consequence of the dearness of living on the Hills; the allowance being paid from the Estimate for the work.
