MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. <i>2446</i>	Press
<i>523-524</i>	Mis.
Dated <i>28-2-8</i> 18 <i>64</i> .	

Not to be folded or roughly handled

No. 523. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Major J. H. M. SHAW STEWART, R. E., Deputy Secretary to Government, Public Works Department, dated Camp, Combaconum, 9th August 1864, No. 1,023 :—

SIR,

Enclosure 1.

Agreeably to instructions conveyed in Government Order No. 1,941, dated 4th July 1864, paragraph 2, I have the honor to forward a Statement showing the incomplete works of 1863-64 in the Trichinopoly District, which were in progress on the 1st May 1864, and for which funds were not provided in the above Order.

2. On receipt of the above instructions I sent a notice to Captain Palmer to stop further work on the bridges and tunnels erecting on the Trichinopoly and Tanjore road, unless any should be of an emergent nature, and the amount now actually required has been reduced to Rupees 3,271.

3. I beg to notice that the first work in the list, viz., improving the Peroovally channel and constructing a head sluice and dam, was not entered in the list which accompanied my letter No. 183. This was owing to an omission on the part of the Officer in charge of No. I Range to include it in his list, which could not be detected in my Office because the work was shown as completed in the Progress Report for April.

4. I find it a matter of some difficulty to allot funds for the above works, but as Government have no sources from which to meet the outlay, I must recommend a ratable deduction from the Budget sanctions for new works in both my Districts, as shown in the last column of the Statement, to which may be added the probable balance which will accrue from the Estimate for re-building a portion of the lower Coleroon Anicut, sanctioned in the above Order.

5. I think it is to be regretted that the funds for the Junction Canal from the Salt Pans at Negapatam, and for the alterations of the Jail for Lunatic Wards, should be entrenched upon; but I have only rated each work in turn agreeably to the printed Budget. If Government would consent to cancel the outlay on the Estimate of Rupees 3,240 for an Artillery Powder Magazine, sanctioned and submitted to the Supreme Government for approval in Government Order No. 1,583, dated 31st May 1864, to the extent of Rupees 2,531, the two works abovementioned could be prosecuted to the full amount of their Estimates and the Grand Magazine at Trichinopoly, now in course of erection, would suffice for the present wants of the Artillery Battery.
