MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

From the Commissary General, Madras, 6th August 1864, No. 147; to the Secretary to Government, Military Department, Fort Saint George.

I have the honor to forward a Pencil Sketch of a Commissariat Godown, proposed to be erected at Bangalore, together with a letter, from the Executive Engineer, Bangalore, on the subject.

2. I entirely approve of the Plan, but would suggest either that an Office for the Commissariat Officer be added to the proposed building, or that one of the present buildings (in the vicinity of which this Store is to be erected) should be converted into an Office.

3. This would effect a yearly saving of Rupees 840 on account of the rent now paid for the building hired as an Office, and from the Office being so close to the Stores, it would enable the Commissariat Officer to exercise a stricter supervision over them.

Memorandum from Lieutenant A. R. EDGCOMBE, R.E., for Acting Superintending Engineer, 5th Division, Salem, 26th July 1864, No. 656; to the Commissary General, Madras.

1 Enclosure.
1 Pencil Sketch.

Forwarded (with Pencil Sketch) to the Commissary General, for submission to Government, under para. 76, Chapter V, Public Works Code.

From the Executive Engineer, Bangalore, 29th June 1864, No. 101; to the Superintending Engineer, 5th Division, Salem.

With reference to your Memorandum, No. 296 of the 9th instant, and the Proceedings of Government, forwarded therewith, I have the honor, to forward a Pencil Plan of a new Malt Liquor Godown for this Station.

1 Enclosure.
1 Pencil Plan.

2. The area of the building, exclusive of Verandahs, is rather under the 10,000 superficial

feet ordered by Government, but including the Verandah, it is rather over this quantity.

3. It has been prepared in communication with the Assistant Commissary General, and has received the approval of the Officer Commanding the Division.

4. The approximate Estimate amounts to Rupees 16,600; this is considerably more than the amount (Rupees 3,000) allotted by Government for the purpose, but it is the least possible amount for which a decent building could be constructed. It would be manifestly impossible to construct a building with an area of 10,000 square feet for Rupees 3,000.

From the Commissary General, Madras, 11th August 1864, No. 156; to the Secretary to Government, Military Department, Fort Saint George.

In answer to your Memorandum of the 9th instant, I have the honor to inform you, that the buildings referred to in paragraph 2 of my letter, No. 147 of the 6th instant, are the present Commissariat Stores, one of which might, in my opinion, be altered and converted into a Commissariat Office.

ORDER, No. 2899, 22nd August 1864.

Approved for execution.

2. Instructions will be issued in the Department of Public Works, to the Executive Engineer, for making the arrangements for the provision of Office accommodation as suggested, in communication with the Commissary General.
