Proceedings of the Madras Government, Public Works Department.

Read the following endorsement from the Secretary to Government, Military Department.

Referring letter from the Adjutant General stating that the usual course has not been followed when applying for the services of Lieutenants Morant and Pennefather, Royal Engineers, for employment in the Public Works Department of the Bombay Presidency.

Here enter 23rd December 1863.

ORDER THEREON, 8th January 1864, No. 37.

In October last the Government of Bombay requested to be informed, whether the services of any Engineer Officers could be made available for employment in that Presidency—a copy of the letter from the Bombay Government was forwarded to the Officer Commanding Sappers and Miners, for communication to the young Officers of Engineers at Dowlaishweram, and it was ascertained that Lieutenants Morant and Pennefather were prepared to accept the offer—the necessary intimation was accordingly made to the Bombay Government, who requested, by telegram, that the Officers named above might be sent as quickly as possible to Bombay—on receipt of this, application was made to His Excellency the Commander-in-Chief through the Military Department.

Subsequently the Government of India requested to be furnished with a List of Royal Engineer Officers who were available for transfer to Bengal—this reference was communicated to the Officer Commanding Sappers and Miners, who reported that Lieutenants Marindin and Cumming were desirous of taking employment under the Government of India—intimation was accordingly made to the Government by telegraph.

The course pursued in both cases would seem to have been irregular, but in dealing with future cases, the proper routine will be followed.
