*Proceedings of the Madras Government, Public Works Department,
2nd September 1864.*

No. 27. "Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 27th August 1864, No. 2,422:—

Sir,

1. The Merassidars of the Panayur village, Conjeveram Taluq, Madras District, having in petitions addressed to the Board of Revenue and to this Office, complained of the loss they

Two Abstract Estimates:

sustained every year in consequence of the disrepair into which their tank had fallen, the Executive Officer in charge of the Range was instructed to submit Estimates for such improvements as he considered necessary.

2. The Estimates herewith enclosed has accordingly been prepared for the following works:—

	Rs.
1. Restoring tank Bund	1,000
2. Repairing Calingulah of do	200
3. Constructing six yards Sluice... ..	80
4. Re-constructing Sluice of twelve yards	214
Total ...	1,494

3. As respects the bund the Range Officer represents it to be in a very dilapidated condition, being in several places below the high-water mark of the tank.

4. The wing-walls and apron of the calingulah are in ruins.

5. The new sluice is required for the irrigation of land on a high level, which is at present supplied with water from the tank through a cut in the bund. The sluice proposed to be re-built is situated at the lowest part of the tank, and is in such a ruined condition that the water instead of passing through it, escapes by a side cutting in the bund, which is thereby much endangered.

6. The several improvements have been approved of by the Collector, and as it is desirable that they should be carried out as early as possible, I have the honor to recommend that sanction be given to the execution of the Estimate Rupees 1,494, from the sum Rupees 26,210 allowed in the Budget for works connected with the Palar Project in the Madras District, of which the tank in question forms an integral portion.

No. 28. ORDER THEREON, 2nd September 1864, No. 2,537.

The Estimates submitted with this letter are sanctioned for execution during the current year from the Budget allotment for the Palar Project in the Madras District.

(True Extract.)

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Deputy Secretary to Government.
