*Proceedings of the Madras Government, Public Works Department,
2nd September 1864.*

No. 31. Read the following letter from Lieutenant-Colonel O. W. S. CHAMBERS, R. E.,
Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to
Government, Department Public Works, dated Waltair, 17th August 1864, No. 575:—

SIR,

1. I do myself the honor of reporting to Government that the whole amount of the Estimate sanctioned for cutting drains and clearing jungle on the Trunk Road No. VI, in the Godavery District, was spent on the 30th April 1864, but that this expenditure included certain advances to Contractors for earthwork.

2. The sums thus advanced are now being recovered and spent again on the same work.

3. Under these circumstances, I request the sanction of Government to spend, on the work above referred to, a sum of Rupees 4,938 in the current year; the same being met from the recoveries of expenditure incurred in 1863-64, on the same work.

No. 32. ORDER THEREON, 2nd September 1864, No. 2,539.

As recoveries from previous year's expenditure are not available during the current official year, in addition to the Budget allotment, the Superintending Engineer, 1st Division, will be informed that the outlay which is being incurred on the work referred to in this letter, for which no allotment has been sanctioned by Government, is irregular. Colonel Chambers will report without delay in what manner he proposes to meet the unauthorized expenditure.
