*Proceedings of the Madras Government, Public Works Department,
5th September 1864.*

No. 91. Read the following Memorandum from the Quarter Master General, dated Ootacamund, 24th August 1864, No. 271/7,904.

Read the following letter from Major-General J. E. WILLIAMS, Commanding Southern Division, to the Quarter Master General, Ootacamund, dated Trichinopoly, 18th August 1864, No. 352 :—

SIR,

* Letter from Quarter Master General, No. 155/7,064, dated 26th July 1864, to Secretary to Government Military Department.

G. O. 5th August 1864, No. 2,243. The Government regret that there are no funds at their disposal to admit of the works referred to in this letter being undertaken during current official year. Estimates must therefore stand over until 1865-66.

1. Referring to Proceedings of the Madras Government* and their Order No. 2,243, dated 5th instant, I venture to submit for the consideration of His Excellency the Commander-in-Chief the following proposal which, if approved by His Excellency and sanctioned by Government, will admit of the immediate alterations to

the Artillery Barracks to form a sleeping room, Estimate for which amounting to Rupees 5,200 was approved by Government in their Order No. 165, dated 15th January 1864, and the provision of which is represented in every monthly Sanitary Report to be of urgent necessity.

2. A sum of Rupees 3,800 allotted for an Apothecary's quarters for the Artillery is now available, which with Rupees 1,400 from the allotment for a Racquet Court might, if His Excellency concurs with me in opinion that the Apothecary's quarters are a less urgent necessity than the sleeping room, be transferred to admit of the latter work being at once proceeded with.

3. By transferring a further sum of Rupees 1,340 from the allotment for the Racquet the new Privy for the Artillery, Estimate for which was also approved in Order of Government No. 165 of 15th January 1864, might be taken in hand; it may, however, be considered advisable to defer this work, until the decision of Government is known as to the system of sewage to be established.

Forwarded to Government for consideration. The Commander-in-Chief quite concurs in General Williams' propositions, and would, moreover, earnestly request that the Racquet Court may still be built out of funds to be supplied from other sources.
