*Proceedings of the Madras Government, Public Works Department,
9th September 1864.*

No. 173. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 31st August 1864, No. 98:—

SIR,

1. In forwarding two Statements of excesses over sanctioned estimates and allotments up to the 31st July 1864, in the Bellary and Cuddapah Districts, I have the honor to solicit a grant of Rupees 598-0-6 from the Reserve Fund to meet these excesses, as there are no funds available for that purpose in this Division.

2. The excess of expenditure over the sanctioned amount for the Hospett Taluq Cutcherry in the Bellary District is Rupees 337-4-10, or within 5 per cent. of the Estimate, but the expenditure during the current official year has amounted to Rupees 606-1-9, which exceeds the amount applied for in my Statement of Incomplete works, and sanctioned in Order No. 1941, dated 4th July 1864, by Rupees 429-1-9; but Captain Flint who was then in charge of the Range only asked for Rupees 177, probably under the impression that recoveries of previous years expenditure were available in subsequent years, which however the Controller states is not correct.

3. In the Bellary District, the amounts sanctioned for new works are so miserably small, and with the exception of the allotment for Police buildings, are so nearly expended, that I cannot meet the excesses, shown in the accompanying Statements, from any funds at my disposal.

No. 174. ORDER THEREON, 9th September 1864, No. 2,613.

The Superintending Engineer, 3rd Division, will be informed that as there are no funds at the disposal of Government, it will rest with him to adjust the excesses referred to in this letter.
