*Proceedings of the Madras Government, Public Works Department,
12th September 1864.*

No. 198. Read the following letter from Lieutenant-Colonel C. V. WILKIESON, R. E.,
Controller of Public Works Accounts, to Major J. H. M. SHAW STEWART, R. E.,
Deputy Secretary to Government, Public Works Department, dated Madras, 29th
August 1864, No. 995 :—

SIR,

1. In examining April's Report of progress of the 6th Division, it was found that the
amounts of appropriations for expenditure in 1863-64 were not correctly filled up for each minor
new work and repair in the proper column, I therefore requested the Superintending Engineer
of the 6th Division to fill in the omissions in his Office copy of the Reports, and forward them
to this Office for examination.

* Herewith submitted.

2. In complying with this requisition the
Superintending Engineer furnished Statements*
of works executed on emergency and not included in any monthly Return of Appropriations with
explanations in the column of Remarks as to
the cause of omission. In his letter† for-
warding the Statements the Superintending Engineer states that emergent works were not
entered in the Appropriation Returns as no estimates had been prepared for them, and in one or
two cases works were by oversight also omitted. These omissions he adds will not occur in the
current year, as he has introduced a proper system of check to compare entries in the Progress
Report with those of the Appropriation Returns.

† No. 1,083, dated 16th August 1864.

3. Bills for some of these works in the Statement have been already sanctioned by Govern-
ment, and of those due for others several are for expenditure below 50 Rupees each, which can
be and have been in some cases passed by this Office, and for those exceeding the limit special
sanction of Government will have to be obtained in each case according to existing rules, but as
these bills will not all be received at the same time and if submitted from time to time the same
explanation will have to be repeated on every occasion, I have therefore the honor to request
the permission of Government to pass them specially as they have received.

No. 199. ORDER THEREON, 12th September 1864, No. 2,625.

1. Permission granted as requested.
2. The Superintending Engineer, 6th Division, will be careful to see that similar irregu-
larities do not in future occur.

he

he adds will not occur in the Current year as
he has introduced a proper system of check to
compare entries in the Progress Report with those
of the Appropriation Returns.

Bills for some of these works in the Statement
have been already sanctioned by Government and of those
due for others several are for expenditure below 50 Rupees
each, which can be have been in some cases passed by
this Office and for those exceeding the limit special sanction
of Government will have to be obtained in each case as
according to existing Rules, but as these bills will not
all be received at the same time and if submitted
from time to time the same explanation will have
to be repeated on every occasion. I have therefore
the honor to request the permission of Government
to pass them specially as they are received. -

I have the honor to be.
